TEXAS STORM GROWS APPALLING; 500 KILLED IN ZEPPELIN RAID ON ENGLISH COAST

EXTRA

500 BODIES ARE ASHORE AT HOUSTON

San Antonio, Aug. 18.—That five hundred bodies from Galveston had been washed ashore on high points near Houston, was the unconfirmed rumor carried over the first wires into San Antonio, Wednesday afternoon. The report was made to the wire chief at Houston by a lineman.

HUNDRED ARE DEAD; LOSS IS MILLIONS

Effect of Texas Coast Storm is Terrible and Results in Galveston Unknown

Meager Reports Say Island City Has Had Higher Water Than in 1900 Disaster

GALVESTON SUFFERS; NO WATER TO DRINK.

Galveston, Texas, Aug. 18.—There is considerable suffering in this city. The water system, lighting, gas and street car systems are out of commission. There is no drinking water in the city.

Three hundred feet of the causeway has been destroyed, all officers, classified employes, enlisted men and their families are safe. (This refers to garrison at Fort Crockett.)

Dallas, Texas, Aug. 18.—Nearly a hundred lives were lost and millions of dollars worth of property destroyed in the West Indian hurricane that swept the Texas coast yesterday and the day before, according to information received today from the stricken districts which have been cut off from wire communication with the outside world.

Up to noon no definite news concerning loss of life had been received from Galveston which city is believed to have been hardest hit.

Galveston Terribly Stricken.

A newspaper man who got within sight of Galveston says the evidence of destruction that met his eye indicated that the damage there would exceed that of the 1900 storm.

At Texas City from 12 to 18 soldiers and 30 to 40 civilians were killed according to reports published in Houston papers that reached Temple and San Antonio today.

Immense Loss on Cotton.

A report that the bodies of eight women washed ashore at Texas City were believed to have come from Galveston, gave the only detailed information of loss of life in the latter city.

The damage to cotton will be from 15 to 25 per cent. of the entire crop of Central Texas and will cost the growers millions of dollars according to estimates based on reports received in Austin.

Eight men are reported dead near Morgans Point and three bodies were washed up today at Sylvan Beach from some place in the bay. Six persons are reported drowned at La Porte, 20 miles southeast of Houston, on Trinity bay. Three lives were lost at Seabrook, 29 miles from Houston, and the town practically annihilated, according to reports received. A refugee who escaped from Kemah, a coast town, said only one house was left standing in that place.

Great Damage in Houston.

Houston is reported to have suffered damage variously estimated as totalling from one to five million dollars, but only two lives are reported lost there. Up to noon no report had been received from Beaumont. A newspaper man who reached Virginia point, the north end of the causeway that connects Galveston with the mainland and viewed the stricken city, reported that nothing was to be seen of several great grain elevators. He said the drawbridge in the causeway had been washed away and that the high water evidently had been several feet above the causeway. He believed the number of buildings destroyed in the city would run into thousands.

Cotton Bales Strew Prairies.

He said he saw thousands of bales of cotton along the prairie between Virginia Point and Lamarque far inland,

AUTO PLANT WANTS TO LOCATE HERE

Project is Discussed at Noon-Day Meeting Wednesday.

A meeting of the board of directors and officers of the Real Estate exchange and other citizens was held at noon Wednesday at the Commercial club for the purpose of outlining some plan of procedure for the location of a big automobile industry in Fort Wayne.

C. Nagle and C. H. Leete, representatives of the automobile concern, were present and explained in detail the proposition. The company is not a manufacturing concern, but rather assembles the cars from the finished parts, giving employment to a large number of men.

A meeting of the real estate men was held Tuesday evening at the Commercial club at which time the project was proposed. Members of the exchange were asked to get behind the movement and help secure this new industry for the city.

Further plans were discussed for the annual convention of the Indiana Real Estate association to be held in this city in October. An effort is being made to make the meeting the biggest in the history of the state association. The meeting Tuesday evening followed a banquet which was served at 6:30 o'clock.

FIRST PRESBYTERIAN CHURCH RE-PAINTED

The inner walls of the First Presbyterian church, Washington and Clinton streets, are being repainted and redecorated and when finished will be as handsome and artistic as any church in the city. The Sunday school room, the hall and the Men's club rooms upstairs will be frescoed and painted.

The Men's club is getting the room ready for a big social time this fall. It is thought that a big chicken dinner will be given for the one hundred or more members of the club.

The work is being done by one of the most competent of frescoing firms of the city and is being hurried on as quickly as possible. They began work Monday morning on the building and have shown great progress.

HYDROPHOBIA!

RUSSIA DEALT HEAVY BLOW IN KOVNO'S FALL

Von Hindenburg's Victory in Taking Fortress Puts Retreating Slavs in Desperate Plight.

Today's War News Given in Summary.

Kovno, the strong Russian fortress on the Niemen at which the armies of Field Marshal von Hindenburg have been pounding heavily since the fall of Warsaw, has been captured by the Germans. Berlin announced teh taking of Kovno, togeiber with 400 cannon and quantities of war material "in spite of the most tenacious resistance by the Russians." German troops took possession of the fortress last night. Military observers are questioning whether the Russians, with Kovno in German hands, will be able to hold the Brest-Litovsk line of defense, in the general direction of which the Grand Duke Nicholas' armies have been falling back since Warsaw was taken. A Teutonic advance on Petrograd alos is being discussed in Russia and England as a possibility.

From the Dardanelles Gen. Sir Ian Hamilton reports an advance of 500 yards by the British left flank at Suvla on the Gallipoli peninsula. ..

Italian mountain troops, Rome announces, in squads joined by ropes, crossed high mountain passes and climbed to Turokett Spits and Hinter Madatch Spits, each about 10,500 feet high. Italian advances are claimed in upper Rienz in the Monte Nero section and in the Tolmino zone. In the last named section, according to the official statement, infantry attacks resulted in the capture of a line of strong entrenchments on the Santa Maria and Santa Lucia heights.

News agency advices from Athens through London state that former Premier Venizelos has notified King Constantine of his readiness to form a new Grecian cabinet.

London, Aug. 17.—The fall of the Russian fortress of Kovno, announced officially in Berlin today, marks a development of unmistakable importance in the great struggle between the Russians and their opponents. The news from Berlin yesterday that some of the outlying forts had been taken, indicated that the situation of the Russian defenders was a desperate one, so that London was prepared for today's announcement, although hardly expecting it so soon.

The Russian armies apparently have not been able to reorganize sufficiently to check the Austro-German advance, which is being pushed steadily against the ring of strong fortresses which form the outer defense to the Petrograd provinces. The armies of the central powers show no disposition to relax pressure on the eastern front, nor are they likely to do so until they have tried once more to separate the Russian northern and southern armies and capture Brest-Litovsk.

News from Turkish sources that the new landing party on the Gallipoli peninsula near Suvla bay has been engaged heavily, is confirmed in an official report today from Gen. Sir Ian Hamilton, the British commander at the Dardanelles, stating that the British left wing had won 500 yards of ground, including a Turkish trench. Sir Ian also reported the repulse of determined Turkish attacks against the Australian position.

Little change is reported in the diplomatic situation in the near east. M. Venezelos, of Greece, who asked for four days to study conditions before deciding whether to form a new cabinet, is be-

(Conelnued on Page 7. Column 4.)

WOMAN WITH NERVE CHASES BURGLARS

Lafayette, Ind., Aug. 18.—Mrs. G. J. Newton, of Romney, surprised two burglars in her home early this morning, deliberately went to a dresser and, procuring a revolver, fired two shots at them. The thieves secured some cash and jewelry and were leaving the house. The town was aroused by the shots and a posse searched for the robbers but no trace of them was found. The home of C. C. Parlon was also robbed of a small sum of money. It is thought one of the shots fired by Mrs. Newton took effect.

QUIETEST AUGUST IN TWENTY YEARS

Fire Department Statistics Show Interesting Condition.

The Fort Wayne fire department has not turned a wheel in three days, and this has been the quietest month of August in nearly twenty years. August usually is the month of many alarms, and a ten year average shows more than one a day. However, this month the department has been called out but nine times, and the total fire loss in the city was $255, $200 of this amount occuring at one fire. The only serious blaze in the vicinity was the Hiser road house fire, which was responded to by the chemical crew from No. 3 company, the loss amounting to $4,000.

Of course the wet weather was responsible for the lack of "business," and until things dry up pretty thoroughly no great number of fires is expected.

MRS. JENSON DIES AT HOME OF NIECE

C. F. Pfeiffer received a telegram Wednesday morning telling of the death of Mrs. Abbie Jane Jenson, a former well known resident of Fort Wayne, who passed away Tuesday afternoon at the home of her niece, Mrs. G. H. Dunning, 2100 Adelbert road, Cleveland, O.

Death was due to the infirmities of old age. She was ninety years old last December and for a woman of her age was unusually active. Two years ago she left Fort Wayne to make her home with her niece. She was for years a resident of this city and when she left was living at 1312 Marion street. The body will be taken to Lockport, New York, for interment.

FORT WAYNE PICNIC AT LOS ANGELES

The eighth annual reunion of the "Fort Wayneites" of Los Angeles and vicinity will be held on Labor Day, Monday, September 6, in Hollenbeck park, in sos Angeles. Emma Vollmer Walthall is president of the association and F. E. Purcell, secretary.

For eight years former residents of Fort Wayne now residing in Los Angeles, have held annual reunions to which all Fort Wayne friends, and old and new arrivals are invited.

HALF SCORE DIE IN NEW ZEPPELIN RAID

German Aircraft Drop Bombs on East Coast of England and Escape With No Proved Damage.

London, Aug. 18.—The outskirts of London were raided last night by Zeppelins. Ten persons were killed. The damage to property was not important.

One Zeppelin is believed to have been hit. Thirty-six persons were injured. The air raid was over the eastern counties of England.

A Central News dispatch from Amsterdam says four Zeppelins were sighted passing over the island of Vlieland and Wieringer, off the Netherlands coast. The dirigibles were sailing from the east in the direction of the English coast. The hour of their appearance is not stated.

The statement given out by the official press bureau said:

"Zeppelins visited the eastern counties last night and dropped bombs. Anti-air craft guns were in action and it is believed that one Zeppelin was hit.

"Air patrols were active, but owing to the difficult atmospheric conditions the Zeppelins were able to escape.

"Some houses and other buildings, including a church, were damaged.

"The following casualties have been recorded:

"Killed—Men, 7; women, 2; children, 1.

"Injured—Men, 15; women, 18; children, 3.

"All the above were civilians."

London has been visited previously by German dirigibles during the war. On the night of May 31, Zeppelins made an attack on a district described in the official communication merely as in the "Metropolitan area." On that occasion about ninety bombs were dropped. Four persons were killed and a few others were injured. The latest raid is the third of the new series of air attacks which began on Monday of last week. On the two previous occasions twenty persons were killed and thirty-seven injured.

FORMER RAID SEVERE.

Berlin, Aug. 18.—According to the Overseas News Agency the Zeppelin attack on the English coast made last week resulted in considerable damage.

"Travelers arriving in Holland from England report that the Zeppelin attack on Harwich caused serious damage, the extent of which has been suppressed by the official press bureau," the news agency says.

"The explosion of heavy bombs and the resulting catastrophes caused great confusion. Coast guards deserted their posts. The number of killed is not known. Seventeen persons were wounded.

"One bomb struck the postoffice and mailbags were destroyed by fire. Postal service between Harwich and Holland has not yet been re-established."

MORE ATTENTION TO BE GIVEN TO MUSIC

Prof. Davis Will Direct the Singing at Teachers' Institute.

More attention will be given to the music at the teachers' county institute meeting to be held from Aug. 30 to Sept. 3 at the high school building than ever before. Announcement was made Wednesday by D. O. McComb, county superintendent, that he had engaged the services of Prof. Davis, of the Indianapolis Conservatory of Music, to direct the singing throughout the week.

Last year the song classics for schools and teachers' institutes No. 1 were used and this year book No. 2 of the same series was selected by the county superintendent.

On Thursday evening, Sept. 2, a free musical entertainment will be given at the First M. E. church at 8 o'clock by a quartet of singers from the Indianapolis Conservatory for the benefit of the teachers. No admission fee will be charged.

WOMEN'S DAY WILL BE HELD THURSDAY

Providing it does not rain, the annual woman's day celebration will be held Thursday. This information was telephoned by Manager C. H. Williams late Wednesday afternoon. He believes that the prospects are favorable for a nice day, but in the event of rain it will again be postponed. Manager Williams is determined not to hold the celebration on a bad day.

LYNCHING IS JUST PENALTY

Mayor Woodward, of Atlanta, Commends the Murder of Frank.

EXPRESSES VIEWS IN PUBLIC SPEECH

He Warns Former Governor Slaton to Keep Away from Georgia.

San Francisco, Aug. 18.—J. G. Woodward, mayor of Atlanta, Ga., in an address here last night declared that Leo M. Frank, who was lynched Monday night, suffered the "just penalty for an unspeakable crime." The Atlanta mayor at the same time warned former Governor John M. Slaton, now in California, not to return to Georgia.

Mayor Woodward's address was made at a banquet of the California State Assessors' association. Little or no applause greeted his remarks, although he was listened to with close attention.

In the course of his speech Mayor Woodward said:

"I am going to take occasion tonight to tell of the events that have put Georgia on the map in a very undesirable light. I am going to endeavor to set you right. People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports.

Tells of Phagan Murder.

"Common decency prevents me from telling you the revolting truths of the murder of Mary Phagan. I wish you all knew the truths as I know them. I know them, for I have been with this case ever since it started and I have read every line of evidence that was introduced. I know that there is not a member of the jury that tried Leo M. Frank who would change his decision if put to the test again.

"Georgia is the leading state of the south. Its people cannot be classed with tramps, hoodlums, bandits and law breakers, but things had come to a

(Continued on Page 7. Column 3.)

MARRIED PAIR DIE IN AUTO ACCIDENT

Lafayette, Ind., Aug. 18.—Mr. and Mrs. Jess Bear, of Stockwell, were instantly killed shortly before noon today when the automobile in which they were riding left the road near Crane station and overturned. Their lifeless bodies were found under the car by passing farmers. There were no witnesses to the accident. Bear was a merchant in Stockwell. A small son and daughter survive.

GERMANS CHEER FOR THE BRITISH NAVY

Copenhagen, Aug. 18.—German cheers for men in the British navy, is an unusual wartime incident reported in the North sea by the captain and crew of the German trawler Gudrun, belonging in Altona, which has just arrived at Esbjerg.

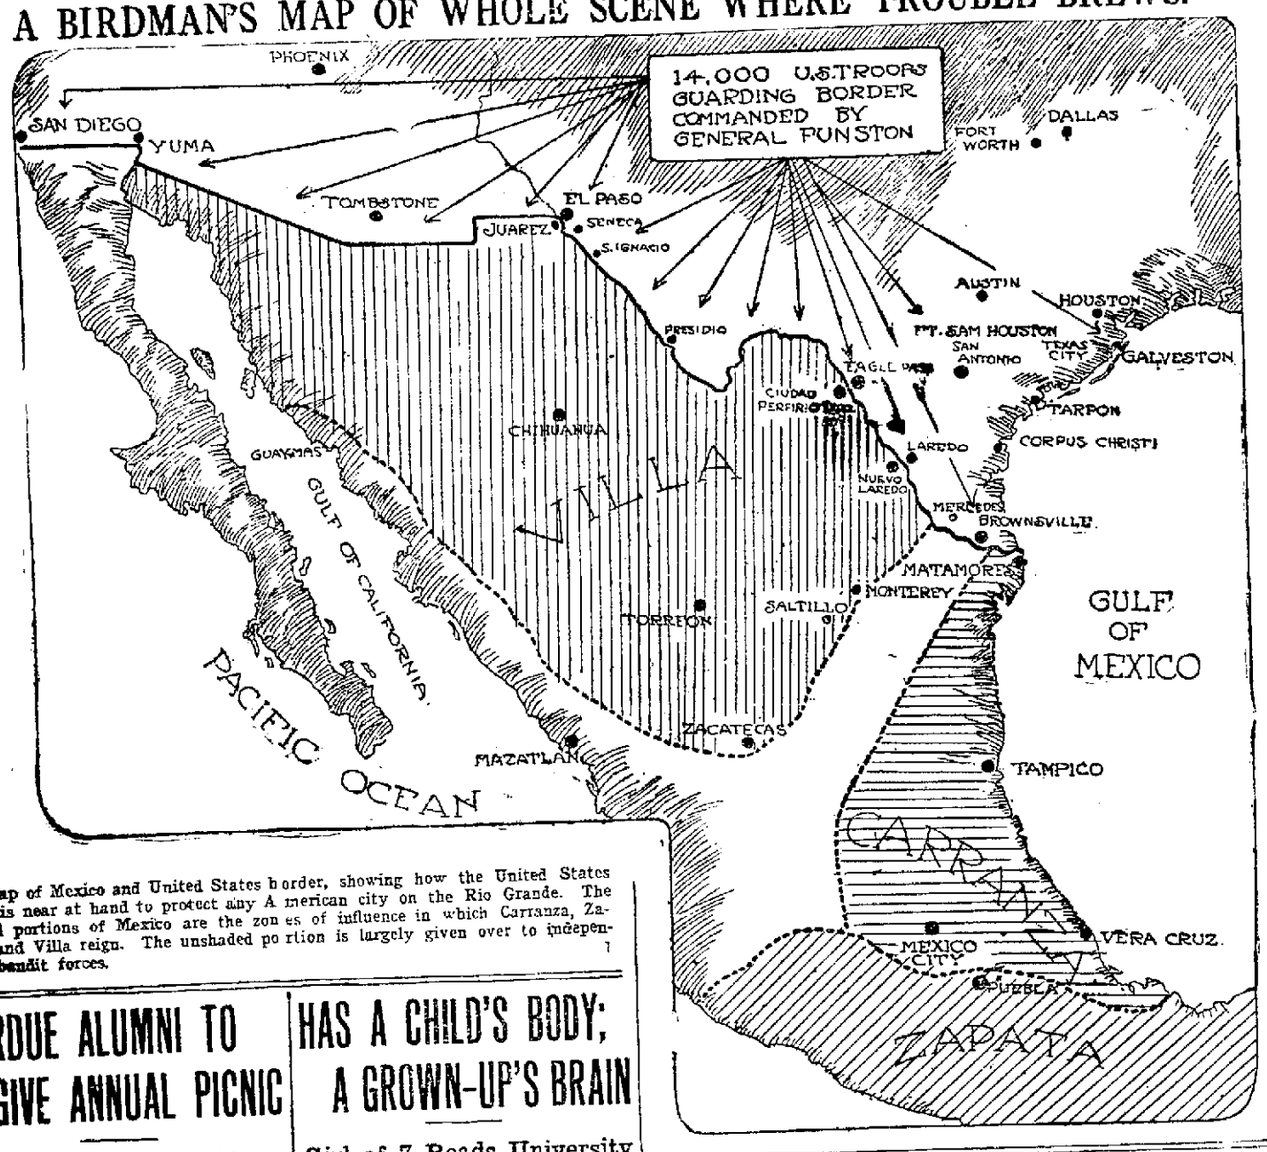
The captain, relating the experiences of the trawler said that the Gudrun was stopped in the North sea by a British squadron. He promptly got his boats ready and distributed life belts, believing his ship was certain to be sunk.

When the British seamen reached the trawler the captain begged for time to take to the boats, and admits that he was staggered at the short and pointed reply.

"You can take the whole ship; we shall not harm you."

The captain adds that the British ship left amid the hearty cheers of the greatly relieved Germans.

A BIRDMAN'S MAP OF WHOLE SCENE WHERE TROUBLE BREWS!



Map of Mexico and United States border, showing how the United States army is near at hand to protect any American city on the Rio Grande. The shaded portions of Mexico are the zones of influence in which Carranza, Zapata and Villa reign. The unshaded portion is largely given over to independent bandit forces.

PURDUE ALUMNI TO GIVE ANNUAL PICNIC

Event Will Be Held at Weisser Park Next Saturday.

The annual picnic of the Purdue Alumni Association of Fort Wayne will be held at Weisser park Saturday, Aug. 21. The tennis courts have been engaged by the Purdue men from 1 o'clock until dark and all racquet artists are requested to be on the grounds early. At 3:30 o'clock there will be a ball game between the bachelors and benedicts.

The day's program will include ladies' novelty races, men's needle threading contest, fat men's race (36 belt measurement), lean men's race (30 belt or smaller), three-legged race, nail-driving contest, ball-throwing contest. Corporal Head will have charge of the regimental parade, which will take place just before lunch.

The notices sent out are as follows: "Remember, every Purdue man, whether alumni or student, is wanted at Weisser park. You are privileged to bring a lady guest or two lady guests. Married men must bring their families. All will bring either a box or basket lunch and we'll all eat at the same table. After lunch we will play fascinating games until late in the evening. Hit 'em hard, hit 'em low, yea, Purdue! let's go. Purdue songs, Purdue series, class yells. No dance August 20; next dance August 27."

HAS A CHILD'S BODY; A GROWN-UP'S BRAIN

Girl of 7 Reads University Documents and Detects Errors in Them.

San Francisco, Aug. 18.—Possessing mental grasp and a quickness of perception found in few adults, Beatrice Ruth Willard, the seven-year-old daughter of Mr. and Mrs. Leon Willard, of this city, is astonishing experts in psychology.

A normal child in every other respect, the devoted "mother" of a large collection of dolls and romping with children of her own age, little Beatrice with uncanny ease passed the test for a normal adult brain.

Dr. Henry H. Goddard, psychologist of the University of California, summer school, applied the Binet mental tests to the child. She read university documents and detected obscure errors of punctuation or grammar deliberately placed as part of the test.

Although she has had less than a year of regular schooling, her brain has grasped the course of study with such rapidity and retentiveness that she is declared to be virtually ready for entrance to high school. She has learned everything so quickly and easily that her studies have been carefully limited and the amount of time for them reduced. Music lessons were discontinued because little Beatrice advanced too rapidly.

Beatrice Ruth Willard.

The child reluctantly leaves her playmates to demonstrate her wonderful ability and hurriedly rejoins them.

Dr. Frederic L. Burk, of the San Francisco normal school, has directed the child's studies during the last six months.

"The child is a genius," he said. "She learns with the greatest readiness and has a photographic memory."

When ten months old Beatrice was able to use coherent sentences. When two years old she had learned her alphabet. Before she was three she could read and write, printing the letters. When five years old she read Stevenson's "Treasure Island" and discussed it intelligently.

NEGROES LAUD THE GAINS OF THE RACE

Boston, Aug. 18.—The recounting of past business achievements by members of their race and the planning of wider activity in the future are to occupy the attention of several hundred negroes for three days at the fifteenth annual convention of the National Negro Business league, which opened today. Dr. Booker T. Washington, president of the league, will deliver his annual address tonight.

DEATH CLAIMS DR. LUELLA DERBYSHIRE

Had Practiced Medicine in Fort Wayne for Nearly Twenty-Five Years.

Dr. Luella Derbyshire, aged 51 years, who practiced medicine in Fort Wayne for the past twenty-five years, died at 12:30 o'clock Wednesday morning at her late residence, 1633 Cass street. Death followed an illness of two or three years' duration and was due to a complication of diseases.

The deceased was well known in the city and besides her many friends is survived by a daughter, Mrs. F. L. Studebaker; two brothers, Bert and Reginald McKinley, and one sister, Mrs. F. H. Starkel, and two grandchildren, all of Fort Wayne.

Dr. Berbyshire maintained an office at her home until three years ago when she was forced to retire on account of ill-health.

The deceased was born in Allen county, a few miles north of the city, and received her early education in the country schools. She attended the Fort Wayne Medical college and after graduation she took a post-graduate course in the medical college at Philadelphia. Immediately after finishing her work in the school of that city she served as interne in the Woman's hospital for several years. She then came to Fort Wayne, where she and her husband, who also was a physician, practiced medicine together.

GERMANY HAS GREAT STORE OF POTATOES

Berlin, Aug. 17.—(Via London).—There is an unexpected abundance of potatoes in Germany, according to a statement made to the budget committee of the reichstag by Secretary of the Interior Delbrueck. The explanation, he said, was the great economy practiced because of the underestimate of the supply at the beginning of the war. The imperial bureau of potato supply has distributed over 10,000,000 hundredweight to municipalities, starch factories and distillers. Herr Delbrueck stated also that there was a balance of 7,000,000 double hundredweight from the previous grain crop to which must be added probably 50,000,000 double hundredweight from the new crop. The prospects for a supply of meat are satisfactory and a normal quantity of sugar has been obtained for the coming year.

CORPORATIONS TO PAY TAX DEFICIT

Ruling in Oregon to Bring in Funds When State Goes Dry.

Portland, Ore., Aug. 18.—This city was wondering where it was going to get money to help equal the deficit caused by the saloons which will quit business when the prohibition amendment takes effect next January. And Jurist George H. Burnett, of the Oregon state supreme

court, quickly answered the question.

Judge Burnett issued a decision which will force the heating and lighting plants of the city, both gas and electricity, to pay a 3 per cent. tax.

The tax was voted by the city council in 1911, but the gas company fought the ordinance in the courts. The case went to the supreme court.

A few days ago the mayor called a special session of the council to determine how to face the coming deficit. As the commissioners sat down at the meeting a messenger arrived with news of Judge Burnett's decision ordering that the gas company pay the 3 per cent. on its income, amounting to thousands yearly.

"Well, that'll help some," said the mayor. "A couple more decisions like that and we'll have money enough to build a new city hall."

REWARD FOR STOLEN SUFFRAGIST TORCH

New York, Aug. 18. Announcement today of the offer of a reward of $50 for the return of suffrage torch which has been carried through New York and New Jersey in the campaign conducted for votes by the Women's Political union, disclosed the fact that the torch had been stolen after a suffrage meeting at Atlantic Highlands, N. J., last night. The emblem of the suffragists was recently transferred from New York to New Jersey with much ceremony, women of the two states meeting on board tug boats in the middle of the Hudson river to convey the torch from one state to the other. When it was stolen it was in custody of suffragists who left it in an automobile to enter a store. When they returned the torch was gone.

"THERE WAS AN OLD WOMAN WHO LIVED IN A SHOE——"

HUNDREDS ATTEND FARMERS' PICNIC

Similar Gatherings Will Probably Be Held Every Year.

With ideal weather conditions hundreds of farmers from all parts of Allen county attended the farmers' picnic Wednesday on the Henry Fortmeyer farm, five miles north of the city. The affair was given under the direction of the Washington Township Farmers' club and everybody had such a good time that a movement was started to hold similar gatherings every year.

The members of the Washington Township Farmers' club do not do things by halves. For weeks they have been planning and making preparations for this picnic and were assisted by Clarence Henry, county agricultural agent, who secured the speakers and helped to do the advertising.

Although the festivities were not scheduled to begin until 11 o'clock, long before that time the crowd began to gather. Farmers with their wives and their children were there from all parts of the county and a large number of them were in automobiles, too. A few years ago they would have hitched Maud and Dick to a carriage and if they had lived any distance away, they would have started early in the morning so as to get there in time.

Three speakers on the program were all from Purdue university. They were Professor F. M. Shanklin, J. D. Harper and Miss Lelia Gaddis. Music throughout the day was furnished by the Leo band.

Immediately after dinner a base ball game was played between the married and single men, the winners being presented with a large, cold watermelon.

The horseshoe pitching contest was also an interesting feature of the day's program.

J. D. Harper, of Purdue, was the first speaker. He spoke on the subject of "Wheat Production." Miss Lelia Gaddis gave a talk on "Home Economics," and F. M. Shanklin gave an address for the boys and girls.

NEWS OF FORT WAYNE'S NEIGHBORS

PLAN BIG DISTRICT ENDEAVORERS MEET

Committees at Huntington Making Full Preparations for Great Gathering Next October.

Huntington, Ind., Aug. 18.—Nine committees representing one of the most thoroughly organized religious bodies in the county met in the Central Christian church last evening to begin the preparation for the annual convention of the Christian Endeavors of the Fort Wayne district, comprised of Huntington, Allen, Whitley, Wells and Adams counties, that is to be held in this city October 1, 2 and 3. The committees believe that they have under consideration plans that will make this convention the most successful that has ever been held in any of the five counties since the convention that was held here six years ago.

In the continuation of their campaign for the biggest meeting that the combined Endeavors have ever seen the committee will hold a meeting at which it is necessary for the presence of every member of the organization of this sort in the city next Sunday afternoon in the United Brethren church. This meeting will be presided over by Miss Vera Souers, general chairman of the county organization.

The principal speaker at the meeting Sunday afternoon will be Miss Ina Maxwell, of Fort Wayne, the secretary of the Fort Wayne district. It is her purpose in speaking to the gathering to give valuable suggestions that will be of material aid to the final outcome of the convention.

At the meeting last evening the decorating, registration, reception, entertainment, banquet, finance, publicity, social and musical committees were present. Such was their progress that their plans are well under way and it is their purpose to finish the program as much ahead of time as possible so that any suggestion for its betterment can be inserted without the serious disorganization that accompanies changes in many plans of this sort.

While the delegates are in this city they will be quartered in private homes and will be at no expense to themselves as their entertainment will be undertaken free of all cost to them.

HEADS COLONIZATION WORK.

Van Wert, O., Aug. 18.—M. S. Myers, prominent resident of Harrison township, has been employed by the Santa Fe railroad company to be manager in charge of the company's work in opening up 60,000 acres for colonization in Sabina county, Texas. Mr. Myers will assume the duties of general manager of the colonization projects about October 1 and will have offices somewhere in Texas, the exact location not having yet been decided upon. Mr. Myers was born and reared in Harrison township. He taught school for five years and for about two years was field manager for the Continental Sugar Co. of Fremont.

WILL NOT PAY DOCTOR'S BILL.

Hartford City, Ind., Aug. 18.—The county commissioners at their meeting yesterday definitely decided not to allow the bill of Dr. R. E. Wise for services rendered during the recent hoof and mouth epidemic. The commissioners take the view that inasmuch as the county did not hire Dr. Wise and that he worked under the direction of the state, it is up to the state to pay him. It is likely that Dr. Wise will sue the county for the $99 bill. The petition asking the appointment of J. O. Underhill as justice of the peace was not acted upon. Stone contracts were let to H. H. Holbrook.

ELOPED TO MICHIGAN TO WED.

Columbia City, Ind., Aug. 18.—Miss Ruth Morgan and Vern Overdeer, of this city, eloped to Jackson, Mich., Sunday, and in that city were united in marriage by Rev. Johnson, pastor of the First M. E. church. They returned here Monday evening and have just announced the happy event in which they participated, giving a pleasant shock of surprise to their friends. There was no reason for the elopement save a desire for the romance of it. Mrs. Overdeer is the daughter of Mr. and Mrs. T. C. Morgan, of Columbia City, and is a charming young lady.

BOY DIES IN CORN CRIB.

Bluffton, Ind., Aug. 18.—Henry Engeler, nine-year-old son of Mr. and Mrs. William Engeler, of Pennville, met death by suffocation in a bin of shelled corn at the Arnold & Engeler elevator in Pennville yesterday afternoon. He had entered the bin to open a clogged chute and was drawn into the corn by the suction produced by a sudden rush of the grain. It was necessary to tear away part of the bin and remove the corn before he could be reached. This took an hour and a half and when he was uncovered life had been for some time extinct.

MARRIED IN HILLSDALE.

Hillsdale, Mich., Aug. 18.—Three Indiana couples who eloped to this city to wed, have been married here within a few days. Fred G. West, of Fort Wayne, and Mrs. Ada B. Conrod, of Decatur, Ind., and Claude H. Leegarten and Miss Blanche M. Duhuff, of Pleasant Lake, Ind., were married at the court house by Justice C. M. Weaver. John R. Cary, of Angola, Ind., and Ruby A. Riehm, of Kendallville, Ind., were married by Rev. Louis DeLamarter at the Methodist parsonage.

BOARDBILL IS SETTLED.

Montpelier, Ind., Aug. 18.—Lee Harshman, of Newcastle, was assessed an old boardbill and the costs of bringing him back to this city in the court of Justice Arnold. About one year ago Harshman left Montpelier owing Mrs. Toohig $17.50 for board. He was located a short time ago and Deputy Sheriff Dan Davis went and brought the man back to this city where he pleaded guilty to the charge. In all, the man will have to pay $36.35. The fine was staid.

GAVE LIQUOR TO GIRL; FINED.

Montpelier, Ind., Aug. 18.—Lawson Shields, of Wells county, has been fined $20 and costs in the court of Justice Arnold, amounting in all to $28.80, for giving liquor to Myrtle Denny. The fine was staid. Shields pleaded guilty to the charge. When told by the court that if he repeated the act he would probably be dealt more severely with, Shields said that he would not do it again as it would be cheaper to buy it and drink it himself.

BUT FOUR SALOONS LEFT.

Montpelier, Ind., Aug. 18.—Owing to their license expiring two more saloons have closed their doors and now there are only four saloons running in the city. These remaining four will continue to sell their wet goods until the end of the ninety days, which will be the first part of October. The saloons which have closed their doors are those owned by Nolan Voris, Isaac Gering, Robert Walburn and William Burns.

MASONIC PICNIC POSTPONED.

Montpelier, Ind., Aug. 18.—On account of the death of John Rhine, the eldest member of the local Masonic lodge, the Masonic picnic, which was to have been held at Riverside Park, Eaton, Tuesday, has been postponed until a later date. Mr. Rhine had been a Mason for over fifty years and he is greatly mourned by the members of the local lodge. The state officers have been notified of his death.

DIES AT AGE OF 82 YEARS.

Bluffton, Ind., Aug. 18.—Mrs. Mary J. Chalfant, 82, is dead from a serious complication of diseases. Three sons, Charles, Nate and Frank Chalfant, survive, with one brother and one sister, Henry Mellick, of Poneto, and Mrs. Susan Roberts, of Arcola, Ill. The funeral was held this morning at Bethel church, the cortege leaving the home at 10 o'clock; interment at Bethel.

VAN WERT CO. W. C. T. U.

Van Wert, O., Aug. 18.—The Van Wert County W. C. T. U. will hold their annual convention on Sunday, August 22, at the U. B. church on corner of Maple avenue and Pierce streets. There will be two sessions held, first session beginning at 1 o'clock, followed by a short social period and an interesting program.

WILL DEDICATE NEW CHURCH.

Wabash, Ind., Aug. 18.—Sunday, Aug. 22, is the date which has been set for the dedication of the new United Brethren church at Lincolnville of which Rev. W. A. Settle is the present pastor. W. R. Funk, D. D., business manager of the U. B. publishing house of Dayton, O., has been secured as the main speaker of the day.

PERFORMER FALLS TO DEATH.

Wabash, Ind., Aug. 18.—George Stewart, 40, was fatally injured last night in making a "slide for life" from the top of the court house. Stewart lost his hold and fell sixty feet to the sidewalk. By some it is thought the circumstances of Stewart's death indicate suicide.

DECATUR NEWS.

Decatur, Ind., Aug. 18.—Mrs. Leonard Troutner and son Ray, of Willshire, O., changed cars here on their way to Payne, Ohio.

Mr. and Mrs. Perry Roebuck went to Fort Wayne to call on her daughter, Mrs. Maude Everett, at the Lutheran hospital, where she underwent an operation.

Mrs. Mary McCarthy returned to Indianapolis after a visit here with Mrs. John Hentzy.

John L. Dowling, claim adjuster for the Clover Leaf railroad, was here on business.

Mrs. Fred Ruby and children have gone to Spartansburg, Pa., for a two weeks' visit with relatives.

Alex Moyer is suffering from blood poisoning in his hand. He is recovering after a ten weeks' siege.

Walton Johnson was taken to the Fort Wayne hospital for an operation for appendicitis.

Mrs. C. H. Colter went to Fort Wayne for a visit.

M. C. Sweeney, deputy attorney general of Indianapolis, was here on business.

Mrs. Reaser, of Fort Wayne, and her daughter Eva called on the former's stepdaughter, Mrs. James Watts, at Monmouth.

The Tri Kappas met this afternoon with Miss Winifred Burk.

Mr. and Mrs. E. H. Kilbourne returned to Fort Wayne after a visit here.

Otto Kirsch and niece, Katherine Stier, of Vincennes, are here visiting with the Peter Kirsch family.

The funeral of Mrs. Catherine Eady was held this afternoon from the Evangelical church.

Mrs. W. J. Myers went to Fort Wayne to attend the funeral of Miss Helen Jean Hunter, her niece.

Mrs. Joe Hower and granddaughter, Georgia Dilley, went to Fort Wayne to visit with relatives.

Mr. and Mrs. Adolph Schamerloh, of Union township, and Mr. and Mrs. William Schamerloh have returned from an automobile trip to Napoleon, O.

Mrs. Will Baker and children, of Monmouth, have returned from a visit at Champaign, Ill.

Lawrence Magley has returned to Toledo, O., after a visit here with relatives.

Mrs. C. H. Colter went to Fort Wayne.

Miss Victoria Stone has gone to Chicago for a visit.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy and abundant.—Adv.

Governors' Wives to Attend Conference in Boston

MRS. O. C. CURTIS

GOVERNORS' WIVES AS WELL AS GOVERNORS WILL ATTEND THE GOVERNORS' CONFERENCE TO BE HELD AUG. 24 TO 27 IN BOSTON, AND ONE OF THE PROMINENT GUESTS WILL BE MRS. OAKLEY C. CURTIS, WIFE OF THE GOVERNOR OF MAINE, SHOWN HERE IN HER LATEST PHOTOGRAPH.

WORK OF FRANK B. TAYLOR IMPORTANT

Monograph by Fort Wayne Man Deals With Ancient Glaciers in Indiana.

Washington, Aug. 12.—Even to one trained in geology there is considerable novelty in the idea set forth by scientific men that during the great ice age the northern half of the North American continent was covered with vast sheets of ice hundreds or thousands of feet in thickness. One can scarcely blame the countryman to whom a geologist was explaining that the range of hills adjacent to his farm was the terminal moraine of one of those ancient glaciers when he said, "Yes, they tell me those hills were made by ice, but I've lived here nigh onto seventy-five years and I haven't seen any ice up there."

The study and mapping of the moraines and other deposits of the ancient glaciers has for a long time been one of the lines of scientific activity carried on by the United States geological survey. Besides being matters of geologic and geographic interest, the various glacial and other associated deposits are of great importance, particularly to the agriculturists in the northern part of the United States. The pulverized and mixed rock materials spread as glacial drift over the uneven surfaces of the older rock formations in this part of the country afford the deep, rich, and enduring soils whose yield in farm products constitutes so great a part of the nation's wealth. The vast quantities of clay available for the manufacture of brick and drain tile and the widely distributed deposits of sand and gravel available for road metal and contrete and other work—all the results of the great glaciers—are resources of no small value. In the swamps of the glaciated area lie stored great quantities of peat awaiting the time when conditions may require their use as fuel or fertilizer.

The marginal parts of many of the great ice sheets took the form of huge lobes or more or less distinct glaciers. It is not possible to differentiate all the lobes of the earlier stages of the glacial epoch, but the closing stages are fairly well defined by great morainal loops festooned across the northern states. The delineation of these moraines upon maps makes clear many interesting and important relations of surface configuration and drainage systems. An important contribution to the science of glacial geology, one of a series of similar reports is monograph 53 of the United States geological survey, "The Pleistocene of Indiana and Michigan and the History of the Great Lakes," by Frank Leverett and Frank B. Taylor. In this report the authors have continued the description of the glacial deposits and history of the Great Lakes region. Their maps show the relations of the remarkable systems of moraines formed by the glacial lobes which occupied the basins of Lake Michigan, Lake Huron and Lake Erie.

The history of the Great Lakes has long attracted the interest of geologists and geographers, and many papers treating of this subject have been written. The elucidation of this complicated history has been possible only as the result of many years' work in carefully mapping and correlating the ancient shore lines and the associated glacial deposits, in monograph 53 all the available data bearing on the lake history are brought together. Some of the shore lines are no longer horizontal, and their relations show that at various times the several basins have been tilted by elevation or depression of the land surface. The effects of the weight of the great ice sheet and of other factors on deformation of the earth's crust are also considered.

This report, monograph 53, is for sale by the United States geological survey at $1.50 a copy.

CELEBRATION TO BE "DRY."

Labor Day Committee Says No Liquor Will Be Sold at Park.

Evansville, Ind., Aug. 18.—The committee that has charge of the Labor day celebration, which will be held at German park on Monday, September 6, today announced that there will be no liquor sold in the grounds this year. This is the first time in years that a Labor day celebration in Evansville has been "dry." It is said the activity of the Indiana law enforcement and reform league here is responsible for the decision of the committee to pull off a "dry" celebration.

Texas Cowboys Drag Bodies of Slain Mexican Bandits to Graves

©UNDERWOOD & UNDERWOOD

After a battle at Los Nosias, Texas, between American ranchers and Mexican bandits who had crossed the Rio Grande. Cowboys are shown just before dragging the slain Mexicans to their graves.

THE SENTINEL'S DAILY SCRIPTURE READING.

Mark 7:1-13.

1 Then came together unto him the Pharisees, and certain of the scribes, which came from Jerusalem.

2 And when they saw some of his disciples eat bread with defiled, that is to say, with unwashen hands, they found fault.

3 For the Pharisees, and all the Je ws, except they wash their hands oft, ws, except they wash their hands oft, ers.

4 And when they come from the market, except they wash, they eat not. And many other things there be, which they have received te hold, as the washing of cups, and pots, brazen vessels, and of tables.

5 Then the Pharisees and scribes asked him, Why walk not thy disciples according to the tradition of the elders, but eat bread with unwashen hands?

6 He answered and said unto them, Well hath Esaias prophesied of you hypocrites, as it is written, This people honoureth me with their lips, but their heart is far from me.

7 Howbeit in vain do they worship me, teaching for doctrines the commandments of men.

8 For laying aside the commandment of God, ye hold the tradition of men, as the washing of pots and cups; and many other such like things ye do.

9 And he said unto them, Full well ye reject the commandment of God, that ye may keep your own tradition.

10 For Moses said, Honour thy father and thy mother; and, Whoso curseth father or mother, let him die the death:

11 But ye say, If a man shall say to his father or mother, It is Corban, that is to say, a gift, by whatsoever thou mightest be profited by me; he shall be free.

12 And ye suffer him no more to do aught for his father or his mother;

13 Making the word of God of none effect through your tradition, which ye have delivered: and many such like things do ye.

City Sets a Bad Example

Because the board of works and the board of park commissioners are in controversy as to which body is responsible, there is continued neglect to repair the pavement on East Creighton avenue, from Calhoun street to Lafayette street. This controversy is joined on a question of finances. Neither body wants to deplete its funds by assuming the obligation to pay for the city's share of paving the two squares along the north front of Reservoir park. Meanwhile the street has become almost impassable for vehicles and presents a condition that not only shames the city but exposes it to imminent liability to damage suits by reason of accidents. More than a year ago the board of works was taking steps to get the street reconstructed. It was purposed that the work be performed by the city asphalt repair department and waivers were procured from most of the resident owners of private property along the street in order that the legal procedure of having such improvements done by contract might be dispensed with. Then the matter stopped. Meanwhile the condition of the street has grown steadfastly worse, as of course. A similar condition, and one almost as bad, exists on Suttenfield street, upon which for two squares the southside of the park has frontage. Responsibility should be determined, no doubt, but it ought to be determined promptly and means to remedy conditions should be provided at once. It is probable that in the case of the Creighton avenue pavement repair has been so long delayed that little, if any, part of the foundation of the street, will be found worth saving. This means much heavier expense than if the work of repair had been inaugurated in season. The city owes to the citizens of Fort Wayne not only better service but likewise a better example of the conservation of public property. Nor should the city assume that it is exempt from obligation to keep the streets along city property in a decent and passable condition. Because Creighton avenue has been for years neglected in respect to repairs does not furnish a good reason why it should be permitted to grow worse. One of the two boards owes the community, and especially the property owners on Creighton and Suttenfield street, who are demanding repairs, some substantial response and should settle their disagreement without delay.

Georgia's One Opportunity

But one course is open to the state of Georgia to erase the foul stigma of Leo M. Frank's murder. That course lies in seeking out and punishing, as their crime deserves, the felons who wrought that deed of hatred, cowardice and blood. Governor Harris' conduct so far does not inspire great confidence in his desire to bring the lynchers to justice, but if he has regard for the future standing of his state with the rest of the country, he will spur his energies to a degree commensurate with the exigencies that confront him. A courageous and energetic executive, determined to wipe this disgrace from his commonwealth so far as that may now be done, would have the members of that mob behind prison grates in short order, and Governor Harris can do that if he wills that it be done. The Marietta crime was murder deliberate, cold-blooded and malevolent. It was not a mere lynching done in heat and with haste. It was planned long and carefully and executed with provision for every detail. The men who took part in that crime will not be hard to find and convict if that is what the governor of Georgia wants done with them. Governor Harris has a great opportunity to render a vast service to his state.

Too little has so far come out of Galveston to disclose whether or not her great and costly works designed to ward the city from repetition of the disaster of fifteen years ago have realized what was expected of them. If Galveston has suffered only damage and nothing like destruction in the assault of such a storm as has swept the Caribbean for three or four days she may consider her money very well-spent and her confidence and boasting neither misplaced nor ill-timed. Nevertheless, disquieting rumors come from the storm-bound city that the disaster has been great.

There may be much and there may be nothing in the sensational and circumstantial stories of Germany's machinations in this country to direct public sentiment to her own advantage and to cripple the allies in all possible ways. Certainly the Kaiser and his government would be stupid not to seek in some way to offset the advantage that superior naval power of her enemies enables them to seize openly and without question.

The city's track elevation levy is to remain at the old figure of 10 cents. If that means track elevation now or even soon the levy is all right and just where it should be.

GERMAN TROOPS AND SUPPLIES POUR INTO RUSSIA.

STREET SCENE IN WILKOWISZKI, RUSSIA, WHERE GERMAN TROOPS ARE GOING ON INTO THE HEART OF RUSSIA AND RUSSIAN PRISONERS ARE PASSING THROUGH TO GERMAN PRISON CAMPS. BELOW GERMAN SUPPLY TRAINS PASSING THROUGH PILLKALLEN ON WAY TO THE FRONT.

THE CITY MAN'S VOTE.

(Saturday Evening Post.)

Disfranchising white men by a clause in the constitution sounds odd. It has been seriously proposed in Illinois, however, and is now under consideration in New York's constitutional convention. Over half the population of New York and about two fifths of the population of Illinois lives in the chief city of the state. The proposition in both cases is to put such limitations in the constitution that the city man's vote, no matter how numerous he becomes, can never outweigh the country man's vote.

Of course, giving the country man's vote greater weight than the city man's can be justified only on the ground that city voters constitute an inferior class, less intelligent and less virtuous than country voters, so that though the former may safely be left at the mercy of the latter it would never do to put the latter at the mercy of the former. Students of state politics in New York and Illinois will be at a loss to know where this idea originated, except in the imagination of country politician.

Framers of the federal constitution, it may be recalled, had much trouble with a similar problem, and finally solved it by providing, in Article I, that for the purpose of apportioning representation in congress, negro slaves should be counted as equal to three-fifths the same number of free whites. No doubt the constitution makers at Albany would follow that simple precedent, but for a fear that the city would soon outgrow the handicap. Having that fear, they seem minded to fall back upon a rather bungling scheme of rotten boroughs.

A constitutional provision that county members of the legislature should not vote on city affairs at all would be much more to the purpose of good government.

GRANDFATHER TAFT AND OTHERS

Ex-President Taft, long a grandfather in spirit, is now a grandfather in fact. The event will not age him in the estimation of the public. In spite of his smile Mr. Taft has always seemed older than his years, just as Col. Roosevelt always seemed younger than his years. It is all a matter of temperament. Roosevelt retains the fiery temper of youth; Taft early acquired the placid temper of age. It requires considerable concentration of thought to realize that the colonel is several times grandfather; while Mr. Taft fits naturally into the role. Bill's knees were made for trotting tots to Boston, while Teddy's were made for gripping horseflesh.

Not that being a grandfather implies age nowadays. Grandparents are among our sprightliest citizens. Life has lengthened perceptibly. The boys in blue considered a man of forty old, and thought of a man of sixty as staggering to his grave. The grandmother of forty who looks thirty is so common nowadays that "The Baby's Grandmother," a novel which sold briskly because it developed that then startling situation, would now be considered "old stuff." Grandfathers are far younger now than they were in our grandfather's day. They keep in better health and spirits, and have more to interest them. There used to be nothing for an old man to do except sit in the chimney corner or on the front porch; now he can run the phonograph, go to the movies or dash hither and yon in his Ford. The comparative youth of grandfathers bears striking testimony to the fact that the world is a better place of residence than it used to be, and, of course, when the world is perfect grandfathers will live forever.

TO PUT ON FLESH AND INCREASE WEIGHT

GOOD ADVICE FOR THIN PEOPLE.

"I'd certainly give most anything to be able to gain a few pounds and stay that way," declare many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the flesh making food elements must be so prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use.

Sargol does not of itself make fat but is simply a combination of ingredients of acknowledged merit that, taken with meals seems to better enable the digestive organs to separate the fattening elements of the food and to prepare them in a form which the blood can readily absorb. Sargol comes in tablet form, is pleasant and easy to take and its action is perfectly natural and harmless. Sargol is sold by Myers Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, Family Drug Store, and druggists everywhere, who are authorized to refund the full purchase price if weight increase is not obtained.

NOTE: Sargol is recommended only as a flesh builder and while it has produced excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Mrs. E. S. O'Connor has returned from an outing.

Hon. Robert Lowry has gone to Washington, D. C.

A new street car has been added to the equipment of the Coliseum line.

Byron Stopher, of W. O. Kyle's music house, spent Sunday in Mayaville.

Frank Falker is now in Helena, Mont., and writes that he will soon go to California.

Joseph Singmaster, who came to Fort Wayne in 1848, died Saturday at the age of 85 years.

Theodore Frank, of M. Frank & Company, has gone to New York to make fall purchases of goods.

Some of the gambling dens of this city did a flourishing business yesterday, even if it was Sunday.

Dan Falls and Joe Hartman, the East Wayne street grocer, are at Petoskey on a fishing trip.

The heads of some more conductors in the passenger service of the Grand Rapids and Indiana railroad have just gone into the basket.

Supt. C. H. Walton, of the Pennsylvania lines, returned to Zanesville, O., today after a visit in this city with his family.

Michael V. Walsh has leased the Hotel Rich for a term of ten years from William P. Breen and will assume charge this week, when Landlord Fred Needham retires.

Herman Berghoff has completed improvements about his handsome cottage at Sylvan Point in Rome City. He has ordered a three-horse power steam launch.

J. D. Gumpper and Frank Wilt drove to Williamsport Saturday and left their team standing while they went indoors on a business mission. The team took fright, ran away and smashed the buggy.

Rev. Stephen A. Northrop, pastor of the Baptist tabernacle, has returned to the city from his vacation and announced to his congregation Sunday that he would not accept the call from a large and wealthy congregation at Camden, N. J.

ANTWERP NEWS.

Antwerp, O., Aug. 18.—Miss Millie Reeb, who has been attending the State university at Columbus, O., arrived home Saturday.

Our business men are a busy bunch this week advertising the coming chautauqua which will be held beginning August 25, and ending August 30. The program this year will be the best ever.

Mrs. C. A. Allison was a visitor at Woodburn Sunday, where she spent the day as the guest of her daughter, Mrs. Howard Shockey and family.

George Bovier, wife and son, Grover, of Defiance, were over the Sabbath visitors at this place, the guests of his parents, Charles Bovier and wife, at their suburban home just east of town.

William Hallinan, of Toledo, Sundayed here, the guest of his sisters, Bridgie and Mary Hallinan, in the parental home on West River street.

Mrs. A. F. Davis of Eleria, O., and Mrs. Frank Dibling, of Lima, O., who have been visiting here the past week the guests of their sister, Mrs. Patrick Sullivan and family, went to Fort Wayne Sunday where they will visit their brother, John Eufheil and family a few days before returning to their homes.

David Johnson and wife were passengers to Toledo Sunday, where they visited their son, Henry and family, Mr. Johnson returning home in the evening, while his wife remained to attend the Long-Wolf family reunion which will be held at Walbrige park today.

A young horse hitched to a light buggy and being driven by Robert Gloor, son of one of our progressive farmer folks south of town, got frightened at an automobile near the residence of Albert Sunday, on Payne avenue, Sunday afternoon and made a mad dash north and turning west onto Canal street, encountered the telephone pole in front of the residence of John Stiner. The buggy was badly wrecked, the horse tore loose from the buggy and continued his flight up the street. The driver was hurled from the buggy just missing the telephone pole, thus saving his life. He was considerably cut and bruised but escaped serious injury.

Mrs. John Lavan, who has been visiting at Hicksville as the guest of Mr. and Mrs. Geo. Seibert and family, returned to her home at St. Louis, Mo., Monday.

Miss Mayme Lamp, of Carnegie, Pa., and Miss Clara Kirshner, of Williamsburg, Pa., who have been visiting here the past few weeks as guests in the home of Mr. and Mrs. Loyd Long and family, returned to their homes Monday.

Mrs. John King and son, Anthony, of Fort Wayne, accompanied by her sister, Mrs. Luke McHugh, and son, Luke, jr., and daughter, Mary Agnus, of Tuscaloosa, Ala., were over the Sabbath visitors here, the guests of their aunt, Mrs. T. C. Banks and family.

Jacob Myers, of Lagrange, Ind., who has been the guest of his brother, William Myers and family at this place, returned to his home Monday.

Mr. and Mrs. J. N. Sweet and daughters, Mildred and Edith, of Fort Wayne, were over Sunday visitors here, the guests of his sister, Mrs. Jos. Reeb.

Miss Bridgie Hallinan was a passenger to the Summit City Monday, where she spent the day with friends.

William Hartle, accompanied by his son, Leo, were passengers to Toledo Sunday, where they will be the guests of relatives during their stay.

COOL WEATHER INTERFERES.

Because of the cool weather the attendance at the band concert at Foster park Tuesday evening was greatly reduced. The concert was given by the Citizens' band, and only about seven hundred persons were present to hear it. The next public concert will be held at Lakeside park Friday night, when the Arion band will play.

Rurode's
Established 1860.

THIS IS THE SEASON

Of new and beautiful goods in all departments. They are coming in daily. When one sees the beautiful goods turned out each season one would think that the limit had been reached, yet each season brings designs more artistic.

Today's Word Is Of NEW DRESS GOODS

Everything that fashion favors is here, all the new weaves, all the new colors. The demand this season will be for rich, dark shades in plain cloths and plaids, checks and tweed mixtures in the fancies. The favorite fabrics being Serges, Gabardines, Broadcloths, Worsteds, Cheviots and Whipcords. The price range is wide, from 50c to $2.00 a yard.

BLACK DRESS GOODS
A Splendid Showing

Our display of black dress goods is the best we have ever made. All the popular favorites are here, for this is to be a black season. Unusual values prevail in French Serges, Storm Serges, Henrietta, Royal, Poplins, Fazzo Cloth, Calypso Cloth, Gabardines and Nuns Veiling, the prices start at 50c and up to $2.00 a yard.

WINSOME CHALLIES

Never was color more artistically applied or presented in more delightful effects than in this season's soft French Challies. The styles are many and varied, there are Floral, Dresden, Geometrical and Stripe effects on light and dark grounds. Best of all is the price, 50c and 60c a yard.

Mrs. Lizzie Weaver spent a few days this week with relatives at Peru.

Mr. and Mrs. Frank Satterthwaite were called to Dayton, Ohio, Sunday on account of the death of Mrs. Satterthwaite's mother, Mrs. Sam Wampler.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic, Cholera and Diarrhoea Remedy. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. Everywhere it has received unstinted praise. We confidently believe that it has relieved more pain and suffering and saved the lives of more people than any other one preparation in use. One or two doses of it is enough to relieve an ordinary attack of colic and diarrhoea. It has been used in many epidemics of dysentery with perfect success. It is especially valuable for summer diarrhoeas in children. Every family should keep it at hand as attacks of cholera morbus often result fatally before medicine can be procured or a physician summoned. Obtainable everywhere.—Adv.

U. S. ARMY CHIEF CALLS FOR MORE TRAINING CAMPS FOR CITIZENS.

MAJ. GEN. WOOD PHOTOGRAPHED AT PLATTSBURG.

A VETERINARIAN'S RELATION TO THE HEALTH OF THE PUBLIC.

By GEORGE FRY,
Veterinarian in the Fort Wayne Department of Health.

From the beginning of time of which we have authentic history, there are records and accounts of men who have had in mind the betterment of the conditions that tend to make life more enjoyable. These efforts have been along several lines, each of them being of more or less importance. Some have taught the different trades, others along religious lines, while medical men have taught the people of the dangers of contagious diseases and how they might avoid them. A great deal of investigation and research work has been carried on and we are now able by the use of serums to prevent many of the highly contagious and infective diseases. To us the most important have been those who have shown the people the danger that may be encountered from the use of those food products that are derived from domestic animals. In the domestication of animals the laws of nature have been violated to such an extent that with the lack of sanitation and hygiene they contract diseases and in many instances transmit the disease to the human family. More often, however, they produce a diseased condition in the person that uses some of the food products which they produce.

With the increased knowledge of our bacteriologists, pathologists, the veterinarians have made and are now making rapid progress toward making the part of the people's food that is derived from the animal kingdom pure and wholesome.

Milk and meat as foods have received much more consideration at the hands of investigators, because they are used as food by so many people. Meat and milk are not detrimental solely through the disease they may convey to the human family, but they decompose very rapidly, if not properly handled, and then, too, there are unscrupulous dealers who adulterate them in various ways. But by careful observation and tests methods have been perfected by which these frauds may be detected.

The federal meat inspection, carried on under the supervision of the bureau of animal industry, department of agriculture, is fast becoming perfected and has been the means of keeping millions of pounds of diseased meat from being placed upon the market. About 60 per cent of the meat used in this country is under the federal inspection—it should be 100 per cent.

Municipal inspection of meat and milk should be enforced in every city, town and hamlet; it is a duty that the people owe themselves to demand that their milk and meat be as wholesome as it is possible to obtain and the time is not far distant when these measures shall be enforced.

As milk is an animal product and a very important food, its inspection is more important to veterinarians. In the production of milk for human consumption, the very first act is a violation of the laws of nature.

Nature intended that the young animals nourished on milk should draw it direct from the udder and milk drawn by hand is sure to undergo more or less contamination, the dirt and bacteria on teats, the loose hair on the body, the dandruff and dust floating in the air are common sources of contamination. The time elapsing between the drawing and using of milk and the rapidity with which bacteria grow in milk make it necessary to use the utmost precautions in the handling of milk. When calves are fed with milk drawn artificially, the contamination, decomposition and irritant properties which develop ofttimes prove dangerous and many times fatal, because of gastro-intestinal conditions which it produces.

Infants that are bottle fed often suffer from the same conditions. Utmost care should be practiced wherever cows are kept and the cows that furnish the milk coming to Fort Wayne are under constant surveillance. Stalls must be kept clean, free from odor, well bedded and free from dust. Modern milking utensils include small top pails, pasteurizers, sterilizers, clarifyers, bottling machines, steam equipment for cleansing bottles and all utensils; cows are to be absolutely healthy; no diseased cows are kept in a herd; particular attention paid to udder trouble; tuberculin tests once a year; iced wagons during delivery; a standard for butter fat and bacterial count, temperature and specific gravity—such are the measures for municipal inspection of milk. In passing I will mention that there are at this time 1,865 cows owned by 212 producers who furnish 54 dairymen with milk for this city, and that the above conditions are enforced.

The health of attendants must not be overlooked. No one affected with a contagious or infectious disease or who is around anyone so affected should be allowed to handle milk, as contamination may result and may in this way convey the disease to those using the milk.

Water supply is another important factor in the dairy industry; impure water will contaminate utensils when washed in it, and through them the milk. This is a common source of typhoid, diphtheria and scarlet fever.

Possibly the worst diseases transmitted through milk are tuberculosis, the streptococcus and staphylococcus infections that are usually found in the milk of babies who succumb to summer complaints.

So far this summer our city has a record to be proud of. 80,000 inhabitants and there has not been enough summer sickness in babies to justify us in opening a milk depot for baby milk, and if vigilance on the part of inspectors has anything to do with this record it shall continue indefinitely.

For Summer Complaints.

"I cannot speak too highly of Chamberlain's Colic, Cholera and Diarrhoea Remedy for it has been used by myself and husband for the past fifteen years and has never failed to give prompt relief," writes Mrs. Carrie Turner, Zanesville, Ohio. Obtainable everywhere.—Adv.

GRABILL NEWS.

Grabill, Ind., Aug. 18.—Mrs. McClellan Hart of Spencerville, Ind., is spending a few days with her daughter and husband, Mr. and Mrs. Jesse Klopfenstein.

J. F. Hollopeter and family who left for Texas in January of this year, to take charge of a farm, returned again to this place Saturday, as the "South" did not come up to expectations.

There were no services at the Missionary church here all day Sunday owing to the annual convention which was in session at Woodburn.

Peter S. Amstutz is again on the road to recovery from his recent misfortune.

Amos Amstutz and Daniel Gerig are each the owners of new Dort touring cars.

Miss Hazel Swift has returned from Detroit, Mich., where she had gone to attend the funeral of her cousin, William Wells, last week.

Mr. Leo Stuckey and friend, Miss Ruth Stauffer of Bluffton, O., are visiting friends and relatives here for a few days.

Jonas Klopfenstein of Portland, Ore., who spent a few days here with his mother, Mrs. Barbara Klopfenstein and family, left Monday for points in the south before he returns home again.

Edward Swift and family have moved into their newly completed home on State street.

Miss Martha Schlatter, who attended the Moody Bible institute at Chicago the past year, is spending her vacation with her parents, here, Mr. and Mrs. Joseph Schlatter.

Mr. and Mrs. J. S. Hilty of Pandora, O., spent Sunday with their son and wife, Dr. and Mrs. O. K. Hilty.

Miss Josie Sonder of Berne, Ind., is taking a two weeks' vacation here with relatives and friends.

Clara, the young daughter of Mr. and Mrs. Eli Gerig, is on the sick list.

The church services at the Mennonite church were suspended Sunday evening and quite a few of the members motored to Woodburn to attend the Missionary convention there.

Ray Knisely purchased a Studabaker touring car last week of the Grabill Motor Sales company.

Simon Klopfenstein and family have again returned to Auburn after visiting for a few days here with his parents, Mr. and Mrs. Christen Klopfenstein, and other relatives.

Milton Hollopeter and family of Cedarville, called on his brother, J. F. Hollopeter and family, Sunday afternoon.

Mr. and Mrs. E. S. Gerig of Fort Wayne, spent Sunday with relatives here.

Jasper Snyder and family of St. Joe, called on his brother and family, Mr. and Mrs. Jay Snyder, Sunday.

Threshing has been somewhat delayed this season, owing to the heavy rains. Some of the grain is growing in the shocks.

Among those who attended the Sunday services of the Missionary church convention at Woodburn from here, were the following: Revs. Henry and David Roth and families; David Neuenschwander and family; Mr. and Mrs. Albert Lantz; Mr. and Mrs. J. A. Klopfenstein; Daniel Gerig and family; George Kessler and family; Mr. and Mrs. Albert Schlatter; Albert Neuenschwander and family; Mr. and Mrs. Jerry Klopfenstein; Mr. and Mrs. David Klopfenstein; Nathan Neuenschwander; Alvin Gerig, Elmer Klopfenstein and David Souder and family.

TWO WAYS

There are only two ways for the average man to get ahead and acquire capital.

First way. Spend Less.

Second way. Earn More.

Almost anyone can adopt the first plan. Not everybody can follow the second.

If you can combine the two and then get old man Interest onto the job you will be headed straight on the upward path. Old man Interest has his office with our Savings Department and his services may be had for the asking.

He will add 4 per cent. per annum to all that you will save.

Society

Among the wholly informal gatherings to honor Miss Mary Randall just previous to her nuptial day was an afternoon affair for which Miss Alice Knight was hostess on Wednesday. The young women asked to attend were told to bring their tennis racquets or sewing bags, as they preferred. In the house jardinieres and vases of tall stemmed blossoms of gladiolus and hydrangea lent decorative effect while the refreshments served from a prettily laid table were refreshing and appetizing.

* * *

Mrs. Arthur Rose entertained a few young women at a visit to moving pictures and refreshments afterwards Wednesday afternoon in compliment to Miss Emmeline Morley, of Buffalo, who is visiting Mrs. Arnold Tresselt.

* * *

Thirty girls were entertained Tuesday evening at an informal party given by Mr. and Mrs. Almon W. Seely at their home in Andrews street, at which they announced the engagement of their only daughter, Miss Gertrude Mae, to Raymond W. Fish, of West DeWald street. The evening was spent in various games and contests. Music was furnished by the Misses Irene Frances Rohyans and Georgia Worth. At a late hour Mrs. Seely served a dainty lunch. Favors, given to each guest, were two hearts joined together with white ribbon, one heart bearing the picture of Mr. Fish and the other of the bride-elect. The weddingg will take place early in October.

* * *

Miss May Knase, of Cottage avenue, is in Chicago for a week's visit.

Stanley Hunting is at Clear Lake for a week's outing.

George Scheele is taking a week's outing at Rome City.

Mrs. H. W. Rippe has gone to Leipsic, O., to visit relatives for a week.

Mr. and Mrs. Joseph Harber, of West Main street, are at Mt. Clemens, Mich., for a few weeks' outing.

Miss Ada Peters, of Washington boulevard east, has returned from a week's outing at Rome City.

Frederick E. Hoffman came home Wednesday from an outing with his wife and son at Quogue, L. I. Mrs. Hoffman is to remain a longer time.

Miss Anne Flaherty has returned to Muncie after making a visit with Mrs. Alice Alter, of Columbia avenue.

Mrs. Louise E. Martin, of 2514 South Wayne avenue, is visiting friends in Chicago for a week.

Miss Frances Lopshire and Miss Lucile Pfeiffer are spending a week in Chicago.

Mr. and Mrs. W. H. Jackson are to spend Wednesday in Chicago.

Mr. and Mrs. Ralph Guenther and family have gone to Clear Lake to be absent two weeks.

Miss Gladys Rogers, of Lavina avenue, has gone on a trip to Muncie, Marion and Hartford City.

Mrs. H. C. Rust has returned from a visit in Indianapolis, where she spent several weeks with relatives and friends.

Miss Agnes Gerow, of West Main street, has gone to Detroit for a visit with relatives.

Mrs. L. Boxberger has returned from Rome City, where she was the guest of Mrs. Clem Hartman.

Mrs. A. G. Estry, of 2206 Broadway, is entertaining her sister, Mrs. L. M. Bartels, of Dallas, Tex.

Miss Vera Tresselt has returned from a visit with Saginaw, Mich., friends and relatives.

Miss Edith Katte, of Lavina avenue, has returned from a fortnight's visit in Cincinnati and Hamilton, O.

Miss Lillian Hootman of West Berry street, has returned from visits in Peoria and Chicago, Ill.

Mr. and Mrs. M. E. Rice and family, of Dixon, Ill., are guests at the Ballou hotel for a few days.

Paul L. Iddings of Kendallville, is visiting his aunt, Miss E. Louise Coy, of West Wayne street.

Mr. and Mrs. M. J. Marttene left Wednesday for New York and other eastern points, on a trip.

Mr. and Mrs. Will J. Leedy and daughters have returned from an outing of several weeks at Rome City.

Mrs. Mabel Bradley, of the White apartments, and children have returned from an outing at Indiana lake points.

Miss Anna Sinclair of West DeWald street is at Lake Wawasee, the guest of friends for a week.

Mrs. F. E. Kimmell and daughter, Fern, have returned to Chicago after a two weeks' visit with Mrs. C. C. Reed, of 1119 Monroe street.

Mrs. L. D. Rosengarten has returned to her home in Brooklyn, N. Y., after spending some weeks with her sister, Mrs. R. B. Wheeler, of Crescent avenue.

Paul Hopkins, of Washington, D. C., is visiting his mother and sister, Mrs. M. B. Hopkins and Miss Zona Hopkins, of Huron street.

Miss Marge Becker and Misses Mera and Bee Fox have returned from a two weeks' trip to Buffalo and Niagara Falls.

Mrs. William Conneant and daughter, Agatha, of Chicago, are visiting Mrs. Conneant's sister, Mrs. Charles H. Bohde, of 3316 South Broadway.

Mr. and Mrs. John Geisman have returned from Toledo, Ohio, after being the guest of friends at a cottage on Lake Erie.

Misses Stella Schoff and Minnie Bill have returned from a two weeks' visit with friends in Detroit, Milwaukee and Chicago.

Mrs. Stephen Lang and Miss Frances Bierbaum, of Minneapolis, are visiting Mr. and Mrs. John Schoff, of Holton avenue.

Mrs. E. H. Moeller and daughters, Marian and Emily, are visiting for ten days with Mrs. Moeller's parents, Mr. and Mrs. J. B. Chandler, of Indianapolis.

Mrs. F. L. Reeves who had been a guest of Mr. and Mrs. Amos Richey at Clear lake, has returned home. She is entertaining Miss Caroline Heilman, of Noblesville.

Miss Geraldine Bulson has gone to Wilmette, Ill., to visit Miss Dorothy Brown. Mrs. A. E. Bulson, jr., has come home from Lake Wawasee for a week's visit.

Mrs. Susan Rambler, Mrs. Cyrus Flack and Mrs. Charles Krider and sons have returned from Dunkirk, O., where they attended a reunion of the Reinhart family.

J. R. Kemp, with his sisters, Misses Florence and Velma, and E. A. Howey have returned from an outing at Lake James, where they were guests at the Graybill cottage.

Miss Catherine Morris, of Decatur, Ill., who had been visiting her grandparents for two weeks, has returned home. Mrs. Thomas Morris and Miss Helen Johnson, of Decatur, accompanied Miss Morris home.

Mrs. Margaret Reeves and children, of Toledo, O., were in the city on Tuesday making a short visit. They were en route to Zanesville, to visit Mrs. Reeves, parents, Mr. and Mrs. Martin Crow.

Misses Elma and Eusie Peatsch returned to Detroit on Wednesday after a visit with Miss Hulda Irmscher, of Forest Park boulevard. On Tuesday afternoon Miss Irmscher gave a reception in honor of her guests.

Miss Fannie Winch will leave on Thursday for a few weeks' outing at Mackinac island. During the absence of Miss Winch her hous will be occupied by Mrs. Matilda H. Wheelock and Miss Ruth Wheelock.

Mr. and Mrs. Hugh B. Olds, of Lakeside, entertained a company of friends at dinner on Sunday, who were Ross Bowman, of Indianapolis; Mr. and Mrs. J. W. Gruber, Mr. and Mrs. W. H. Jackson, Mrs. Ruth Thompson.

Lieut. Charles Francis Williams and Lieut. L. O. Oliver, both of Washington, D. C., are to arrive here on Thursday. Mr. Williams comes to wed Miss Mary A. Randall next Tuesday and Mr. Oliver is to be the "best man" at the wedding.

Mrs. J. E. Knapp, of Wells street, has returned from a western trip to California and Colorado points. In Los Angeles Mrs. Knapp visited her son, C. F. Knapp, and she also visited the expositions at San Diego and San Francisco. She was away ten weeks.

Miss Lillian Cox, of Toledo, Ohio, is here visiting her brother, David, at the home of their grandparents, Mr. and Mrs. David Raidy, with whom David lives. Miss Cox was accompanied here by John Kofflin, son of Mrs. Nellie Raidy Kofflin, who is also visiting his grandparents, Mr. and Mrs. Raidy.

Mrs. Edward Ginsberg, of New York, and Miss Lois Thom, of Appleton, Wis., entertained a few intimate friends at the home of Misses Agnes and Marjorie Mahurin Wednesday afternoon at an informal thimble party. A pleasant visit was enjoyed and some tempting refreshments were disposed of during the afternoon.

Mr. and Mrs. Richard L. Blossom gave an informal musicale on Tuesday evening in compliment to Elliff McDiarmet, who, with his mother and sister, Mrs. McDiarmet and Miss Gladys, are guests of Mrs. J. F. Randall, of Masterson avenue. Mr. McDiarmet is a member of the Cincinnati Symphony orchestra.

Miss Leona Wilkinson, of Washington boulevard west, entertained a few young ladies at a box party at the Temple theater on Tuesday as a compliment to her guest, Miss Mamie Timmons, of Dayton, O. Refreshments were enjoyed afterwards at a confectioners store. The guests were Misses Ignota White, Celia Foley, Edith Monahan and Mabel Holland.

Mrs. Daniel Milligan, of South Webster street, conferred a social attention on visitors Tuesday afternoon by giving a lovely thimble party to honor Miss Lois Thom, of Appleton, Wis., and Mrs. Edward Ginsburg, of New York city. There were a dozen guests, intimate friends of the visitors and their individual hostesses. Miss Mildred Bowser gave a small luncheon on Monday in honor of Miss Thom.

Miss Enid Johnson, who is summering at Lake James, has been engaged to sing at a concert in the First Congregational church of Angola, next Monday. Miss Wilma Coy is to be the accompanist and other parts of the program will be readings by Charles Shank, who is also known to many Fort Wayne people. In September Miss Johnson will return to her home in New York city to continue her voice studies with Mrs. C. Dyas Standish, under whose instruction Miss Johnson feels that she has established a most excellent method of voice placement and tone production.

Roebuck Family Reunion.

The sixth annual Roebuck family reunion was held at the country home of Mr. and Mrs. John Dennis, of near Aboite, August 15. Following a splendid dinner, which was served at the noon hour, new officers for the ensuing year were elected as follows: George Tucker, president, and Will Noll, secretary. It was decided to hold the next reunion at the home of Mrs. Nancy Ferguson, of Decatur. After the business had been completed, short talks, recitations and solos were rendered by various members of the different families. Those present who enjoyed the many features of the day were: Mr. and Mrs. Elias Hartzell, Mr. and Mrs. Lawrence Hartzell and son Warren, Mr. and Mrs. George Tucker, Martha and Kenneth Tucker and Rhae Smith, of Hoagland; Mrs. Harry Drake and family, of Marion; Mrs. Maggie Wright and daughter and Eli Smith, of Gas City; Mrs. Nancy Ferguson, Thompson Noll and daughter, Will Noll and family and Mr. and Mrs. Frank Garard, of Decatur; Mr. and Mrs. Delbert Benjamin, of Monroeville; Mr. and Mrs. Frank Falls and daughters, Letha and Dorotha, Mr. and Mrs. Samuel Smith, Rachel and Thomas Smith, Mr. and Mrs. Harry Falls and son Gerald, Mr. and Mrs. Dan Barkley, Mr. and Mrs. Fred Sommers and sons, Marlett, Forrest and Emmett, Mr. and Mrs. Charles Coil, Miss Minnie Falls, Violet and Mildred Coil, Messrs. Lee Hartzell and Willis Roebuck, Mr. and Mrs. John Dennis, Velma, Brice and Halle Dennis.

Something New in Russian Blouses

By Betty Brown.

There's a reminder of the picturesque Russian blouse of half a dozen years ago in the all-in-one piece frock I saw the other day at Mme. Marguerite's studios in the Mailer's building, Chicago, and set my pencil a-going to trace this sketch.

The frock was made up of velour de laine in that lovely shade of tan called beige. The three pleats in back and front are stitched in a darker shade of tan and the velvet buttons match the stitching in color. A sash of messaline in Futurist red gives a needed splash of color, and it's further lightened by the stiff white cuffs that peek from the sleeves and the high stiff white collar.

AT THE MAJESTIC.

"Girls from Joyland," 42 Strong, Open Two-Day Engagement Tonight at the Majestic.

For the first time on any stage Sim Williams, the popular musical comedy and burlesque producer will introduce his latest edition of the "Girls from Joyland" at the Majestic theater tonight when they commence a two day's engagement. A special ladies' matinee will be given tomorrow.

Mr. Williams is offering theatergoers something new, two musical comedies, opening with "Midnight Frolics," a farce in three scenes, with funny situations and complications running riot throughout the action. The closing laugh producer will be the oriental farce, "A Night in a Harem." The stage setting for this comedy shows a reproduction of a pasha's palace. During the action many novelties will be introduced, including the competitive cake walk contest between pretty girls, twenty-four in number. Much rivalry exists. The audience at each performance will act as judges as to the winner.

A chorus of pretty girls will be seen bedecked in gowns all the colors of the rainbow. "The Fall of Babylon" is the extra feature. This is a reproduction of the celebrated painting, posed by beautiful girls.

* * *

"The Charming Widows" Come Friday.

The big production, "The Charming Widows," which is a merry mixture of musical comedy, burlesque, extravaganza and vaudeville, and which is presented by some of the best known players in these fields of dramatic endeavor, will come to the Majestic theater on Friday. The engagement is for two nights, with matinee Saturday. The show is resplendent in new scenery, costumes and electrical effects and the company numbers thirty-five people, twenty of them being in the chorus. Eddie Dale, the popular German comedian; Sam Carlton, Hebrew comedian; Pauline Palmer, Helen Stanley, Jimmy Cooper, Ada Lum, Harry Peterson and Hugh Skelly have the leading roles. Enjoyable singing and dancing numbers and vaudeville acts will be introduced. "Sita," a Hindu dramatic divertisement, in which Mlle. Simone De Beryl is featured in a thrilling, sensational dance, is an added attraction.

AT THE NEW PALACE

BUSHMAN CLOSES TONIGHT.

Last Hime to See the Screen's Sovereign Actor at Palace.

Tonight will afford the final opportunity for enjoying Francis X. Bushman, the screen's sovereign actor, and the exquisite beauty, Marguerite Snow, in the drama, "The Second in Command." This picturization of the Charles Frohman drama, in which John Drew starred, is affording Mr. Bushman and Miss Snow unparalleled opportunities to display their remarkable histrionic skill.

George Kleine's dainty story of the Latin quarter of Paris, "The Naked Truth," is the beautiful film to be projected at the New Palace tomorrow. This story is a visualization of studio life in Paris among the successful artists, men who are sought after and lionized by the nobility and the fashion of the world. The dazzling brilliancy of the scenes as well as the consummate ability of Mlle. Lyda Borelli, the Mary Pickford of France, combine to make this film an extraordinary one. Mrs. Leslie Carter in a film adaptation of "DuBarry," is the Friday booking and for two days, starting Saturday, the New Palace will offer the film sensation of the season, five reels of Charles Chaplin's comic operas, and Miss Emily Stevens in "Cora," the great play in which Mrs. Minnie Maddern Fiske starred. Chaplin's comedies for this week are "His Prehistoric Past," "The Knockout" and "The Gentleman of Nerve." There will be no pictures at the New Palace next week, as the house will be undergoing a general refurnishing in anticipation of the opening of the Keith vaudeville season.

All fancy neckwear half-price.
PATTERSON-FLETCHER CO.

AT THE JEFFERSON.

WITTY ELSIE JANIS

Wrote the Highly Humorous Subtitles in "Nearly a Lady" Seen at Jefferson. Theda Bara Tomorrow.

Nothing funnier has been presented in years than the sensation Lord Cecil Grosvenor makes at the dinner table of the Calhoun family on their Montana ranch with nothing more nor nothing less than a fork! The absolute confusion amid which Elsie Janis, as the daughter, tries to master this new table tool, ought to make you laugh until you cry for mercy. Add to this the perfect oblivionsness of the whole situation with which old man Calhoun, like a contented old sea lion, plows through his provender in the good old fashioned way, and you will readily agree that Miss Janis has done something in the way of keen witted farce.

These opening episodes are balanced by equally well observed and well written comedy scenes laid in the Riverside Drive purlieus of fashionable New York, and the surprise at the end which brings the charming love story to a pleasing climax makes "Nearly a Lady" a big measure in both quantity and quality.

On the morrow and Friday Theda Bara, the world celebrated "Vampire Woman," will create the bizarre leading role in a startling picturization of the noted novel, "Lady Audley's Secret." The Jefferson is probably the first theater in the country to show this picture.

AT THE ORPHEUM.

MARIE TEMPEST CONVERTED.

World Famous Comedienne Appears in Films at Orpheum Tomorrow in Noted Farce, "Mrs. Plum's Pudding.

Marie Tempest, famous on the stages of two continents for her inimitable comedy creations, and officially recognized as the most skilled interpretor of farce-comedy roles living in contemporaneous times, has at last acceded to the importunings of the omnipotent movie magnates, and will re-create the deliciously funny title role in Avery Hopwood's noted hit, "Mrs. Plum's Pudding" on the screen at the Orpheum theater tomorrow. The advent of Miss Tempest into the silent drama means the passing from the legitimate stage of one of the most celebrated stars who ever graced those chassic boards, and one who has truly gained an enviable reputation among her fellow artists. Her brilliant comedy gifts were perhaps never revealed to more or better advantage than in "Mrs. Plum's Pudding," Avery Hopwood's scintillating farce success, and it was for this reason that the Universal Corporation decided to picturize Miss Tempest in the play which would afford her maximum opportunities in every way. A brilliant cast of associate artists is seen with Miss Tempest, including the noted English actor, W. Graham Browne.

* * *

An elaborate musical program has been arranged by the Orpheum orchestra in order to make this day one to be remembered in local theatrical history, and some exceptionally fine accompaniments will be given in harmonic accompaniment to the picture shown. Frederick Hughes will also prove another agreeable attraction, the sensational young tenor having elected to give some effective ballad numbers during the day.

The customary admission price of ten cents, charged during those days when special features are run, will be in vogue tomorrow. On Friday, the remarkable pictorial protest against war, "Pro Patria," will be shown.

All young men's fancy suits, sizes 15 to 19, half price.

AT THE TEMPLE.

MATINEE TOMORROW AT TEMPLE.

Paycen Stock Players to Present Mother-Love Drama, "The Penalty."

The drama that searches right down into one's heart with appealing lines and dramatic situations, is "The Penalty," the greatest story ever written on the theme, a mother's love for her son. The Paycen Stock players will present this splendid drama tomorrow in a matinee performance. There are just enough tears in it, just enough heart throbs and just enough laughs to make it an ideal matinee vehicle. The story briefly is that of a woman, whose son discovers her double life through the blabbing of a man, the son turning on the mother and driving her wild by scorning her. The climax of the scene, in which the mother is scorned, is so startling as to remain long in one's memory.

Here is One of the New Chokers

By Betty Brown.

It's in the season between-suits that the wise girl gives serious attention to neckwear. The summer suit may be a lap behind the fashion, but its vintage will be forgotten if some of the new and fantastic creations in neckwear is worn with it.

The very newest and oldest thing the season has brought forth in neckwear is the "choker," an upstanding frill of organdie that rises right up to the ear tops and curls around frontward and almost conceals the chin. It's detachable and it's truly smart when it adorns a tailored suit.

Goes to Leo to Speak.

Mrs. Martha J. Ridenour, state organizer for the W. C. T. U., has returned from Hoagland and leaves today for Leo, where she will give an address in the M. E. church Thursday afternoon.

Bit of a Billow in the New Skirts

By BETTY BROWN.

The ripple that came in with the summer skirts still gives a gentle billow to the new skirts designed for early autumn. A tailored suit that has just come from the studio of Mme. Margueritte of the Fashion Art League of Chicago shows this tendency to flare at the ankle, or rather a few inches above the ankle, for, like all modish gowns, this one is fully six inches from the ground.

The coat is built on Norfolk lines, but the lack of a belt and the presence of a peplum removes it from the Norfolk class. Blue taffeta with big checks of shadow green is used to develop the gown. The yoke and collar are so plain that the new fall scarfs or knitted wool may be worn becomingly.

The woman's auxiliary to Company E, Indiana national guard, will give a supper Friday evening for the members of the company at the armory in the Flick building on West Berry street.

All indications point to a large enrollment for our fall opening a week from next Monday. Will you be with us? Phone 504 for particulars and catalogue.

HUNDRED ARE DEAD; LOSS IS MILLIONS

(Continued from Page 6).

evidently carried there from the Galveston docks. Dear farm animals were also strewn over the prairie. One estimate places the damage at Texas City at $400,000. The city has been placed under military rule and the soldiers are assisting in the recovery of bodies from the water. Many of those who met death at Texas City were killed in the collapse of buildings.

Reports from San Antonio were to the effect that Point Isabel reported yesterday as being flooded, was safe.

WORSE THAN IN 1900 STORM.

Newspaper Man Gets Within Sight of Galveston and Reports Havoc.

Houston, Texas, Aug. 18.—The Houston Chronicle prints the following interview with J. R. Montgomery, a Houston correspondent of the Galveston News, who got as far as Virginia Point, the north end of the Causeway, Wednesday, and viewed the wrecked city of Galveston:

"I am confident the number of dead in Galveston is large.. I could not see an elevator on the port side of the city and my opinion is that the number of buildings destroyed will run into the thousands.

Exceeds Great Disaster of 1900.

"I believe the property loss will be greater than that of 1900."

Montgomery made his way to the draw-bridge of the Galveston causeway, and owing to the fact that this structure was swept away he was forced to return to Houston. The man made the trip in an automobile.

"We encountered indescribable conditions," he said.. "The road bridges at Clear Creek and Dickinson were washed out and we ran our automobile over the railroad bridge and across the ties.

Cotton Washed Inland.

"We saw thousands of bales of cotton on the prairies all the way from Virginia Point (the mainland end of the Galveston causeway) to the town of Lamarque, far inland. These were washed from Galveston docks.

"The water must have been several feet over the causeway and serious damage must have been done to it by the washing out of large quantities of fillings in the center."

The Chronicle reported that it received reports that fifty persons are dead at Texas City, but accounts for only twelve soldiers, who perished when the Thompson building at Texas City collapsed. It is said these were all private soldiers, no commanding officers having lost their lives. The railroad bridge has been washed away at Seabrook, about twenty miles from Houston. Three persons are reported to have lost their lives at that point.

EIGHTY DEAD REPORTED.

Meager Details of Storm's Wrath in Texas Show Heavy Loss of Life.

Dallas, Texas, Aug. 18.—More than three score lives were lost and property damage estimated at millions of dollars was caused by the great tropical storm which swept the gulf coast of Texas yesterday and the day before, according to information that today trickled through the veil that has surrounded the stricken district because of broken wire communication.

Houston, Galveston and Beaumont remained practically cut off from the outside world but wire companies expected to be able to communicate with all three places before night.

Hurricane Abates.

Although rain was still falling in some districts the wind had lessened in velocity.

Copies of yesterday's Houston newspapers received today, told of the death of twelve soldiers and 30 or 35 civilians at Texas City and said six persons were drowned at La Porte, 20 miles southeast of Houston.

Eight men were reported dead near Morgans Point. Military rule, according to the Houston Chronicle of yesterday, has been established at Texas City and soldiers are taking bodies from the water as fast as they can be located.

Dissappointingly brief wireless reports received from the army transport Buford by the station in Fort Sam Houston, at San Antonio, gave only the most meagre report of conditions at Galveston. No mention was made of loss of life, but report the loss of buildings.

Damage Estimates Up to $5,000,000

Reports from Houston brought by trainmen late last night told of two or three persons killed although other reports declared there was no loss of life A like situation obtained in the matter of the probable damage at Houston. Conflicting reports as to property damage in Houston were received. Some placed it at $1,000,000, some at $5,000,000.

All reports early today indicated that the tropical storm had spent.

Most places in the storm district with which it was possible to communicate, reported a falling of the wind and it is believed recovery from the storm would be speedy.

Thousands of Sufferers.

Thousands of residents in the coastal plains country about Port Lavaca, a hundred miles west of Galveston, are suffering, according to reports received The district is one of fruit and truck farms and the character of the country is such as to offer full sweep to the gale. It was feared considerable loss of life may have resulted.

Telegraph and telephone companies have had large forces at work repairing lines into the storm district and early today a prompt resumption of service seemed probable. It was believed also that train service would be resumed.

EIGHT MEN DROWNED.

Morgan's Point, Texas, Aug. 18.—Eight men are reported dead near this place. They were drowned while fishing. Reports reached here from an authentic source that the bodies of a woman, a baby and a sailor had been beached near Sylvan beach. They were unidentified and apparently floated from some place on the bay.

TWELVE SOLDIERS KILLED.

Waco, Texas, Aug. 18.—A copy of the sixth edition of the Houston Chronicle of Tuesday says: "Twelve soldiers were killed at Texas City during last night's storm, when the Thompson building, a new three story structure, collapsed. Eight were killed by falling brick, while four were drowned later. About thirty or forty civilians, many of them women and children, also lost their lives.

"Those killed were enlisted men and no commissioned officers lost their lives.

"Military rule has been established at Texas City and the soldiers are fishing corpses out of the water as fast as they can be located.

"The first rumor to reach Houston was that between 200 and 250 soldiers were drowned, but this report was denied by A. H. Doty and I. J. Moran, who reached Houston late Tuesday afternoon, making a trip to Texas City in an automobile on the railroad track. They said only twelve soldiers had lost their lives and perhaps thrice as many were injured."

HOUSTON'S DAMAGE $1,000,000.

San Antonio, Texas, Aug. 18.—A copy of the Houston Chronicle issued at 3:30 Tuesday afternoon, received here today, estimates the storm damage in that city at about $1,000,000. No mention is made of loss of life in Houston, but it is stated six persons were drowned at LaPorte, twenty miles southeast of Houston, on Trinity bay.

The paper, which is the third addition, gives the wind velocity at 2 o'clock Tuesday afternoon as fifty miles an hour and diminishing. The forecast by the local weather bureau for the ensuing twenty-four hours is "cloudy."

The Chronicle publishes no news from Galveston, stating that all means of communication with that point had been interrupted since early Monday evening. Other storm news was of local interest only, LaPorte being the only outside town mentioned.

BUT ONE DEAD IN HOUSTON.

Houston, Tex., Aug. 18.—(By mail to Dallas, Aug. 18.) Though only one person, a negro, lost his life, Houston has sustained a loss estimated at from two to five million dollars in the worst tropical storms known on the Texas coast. Not a single business house, not a single residence, escaped damage and at 4:30 o'clock this morning when the storm reached its height, the barometer fell to 28.21, said to be not far from the lowest barometer reading ever known. At that time the wind attained the velocity of 90 miles an hour.

GOVERNOR GOES TO GALVESTON.

Austin, Tex., Aug. 18.—Having failed to obtain any direct information from Galveston on the storm situation there, Governor Ferguson today decided to make a personal investigation of the conditions prevailing on Galveston island. He prepared to leave today for Houston. The governor said he was determined that the state should render all assistance possible to Galveston, should the seriousness of the situation warrant such action.

Acting on the governor's instruction, Col. McCalmont, assistant adjutant general, and Dr. A. E. Linceeum, assistant state health officer, left Austin today for Houston and from there will make an effort to reach Galveston as soon as possible. These officials will make a personal investigation and if assistance is needed tents and other equipment will be dispatched at once to Galveston. Dr. Linceeum will make an investigation as to health conditions.

While state militia officers sought to communicate with Galveston today, tents, blankets and cots were ready in the adjutant general's department for shipment to Houston or Galveston for the use of the storm refugees as soon as the needs of the sufferers can be ascertained. Governor Ferguson took up the subject of relief for Galveston with the adjutant general's department.

TELLS OF STORM'S WRATH.

Railway Man in Texas Wires Water is Seventeen Miles Inland.

Chicago, Aug. 18.—W. E. Mason, general superintendent of the Atchison, Topeka & Sante Fe at Galveston, who was absent from the city when the storm broke, telegraphed the general offices here from Hitchcock, Texas, 17 miles north of Galveston, today, stating that the water extended to Hitchcock and at certain points was three miles further inland than in the disastrous flood of 1900.

"Understand," Mr. Mason telegraphed, "that the citizens of Galveston had 24 hours warning to move to the business section of the city and perhaps this was done, although grave fears are felt.

"Rescuers at Hitchcock have recovered the bodies of seven drowned persons and cared for several injured.

"Small towns between Wallis and the coast have suffered severely.

"We left Galveston at 3 o'clock in the morning with a relief train but were stopped by the waters at Hitchcock. From Hitchcock to Galveston the track apparently is under water. The Hitchcock yards are under water and bales of cotton, and other debris were floating about. At 3 o'clock this morning the water was five feet under the highest stage at Hitchcock.

"At the height of the storm, the wind which was accompanied by a heavy rain, was so stiff that a man could not stand against it.

"A marine pile driver is reported to have pounded against the causeway and damaged the slope. However, the interurban is reported intact. The storm is still raging, but not so severely as at first."

WEATHER BUREAU BULLETIN.

Washington, Aug. 18.—The weather bureau issued this bulletin:

"Reports from southeast Texas are still missing, but a report twenty-four hours old from Houston by mail and telegraph by Taylor, Tex., states that the storm center apparently has reached south hof Houston early Tuesday morning. The lowest barometer reading at Houston was 28.21 at 5:30 a. m.; the highest wind velocity 80 miles an hour from the northeast. The total rainfall in 24 hours was 7.18 inches. The damage was enormous. Neither wires nor trains have led out of Galveston since Monday evening."

EIGHT MEN DROWNED.

Morgan's Point, Texas, Aug. 18.—Eight men are reported dead near this place. They were drowned while fishing. Reports reached here from an authentic source that the bodies of a woman, a baby and a sailor had been beached near Sylvan beach. They were unidentified and apparently floated from some place on the bay.

SALE OF WABASH CONFIRMED.

Woodstock, Vt., Aug. 18.—An order confirming the sale of the Wabash railroad to Robert Goelet and Henry Rogers Winthrop, of New York, a purchasing committee of the bondholders, on July 21, was issued by Judge Elmer B. Adams, of the United States circuit court, of St. Louis, at the conclusion of a hearing at the judge's summer home here today.

WOULD WAR ON DEAD BEATS.

Duluth, Minn., Aug. 18.—The formulation of a national "rogues' gallery," containing detailed information concerning "dead beats," is one of the aims of the Retail Credit Men's National association, which met in third annual convention here today, according to D. J. Woodlock, St. Louis, president of the association. The convention will continue through Friday.

GOV. HARRIS IS ON THE JOB

Georgia Executive Back in Capital Ready to Hunt Lynchers.

PRISON KEEPERS HELD BLAMELESS

Body of Leo Frank is Now on Way to His Home in Brooklyn.

Atlanta, Ga., Aug. 18.—All the legal machinery available to Governor Harris was put in motion today to apprehend the men who lynched Leo M. Frank at Marietta yesterday. Governor Harris so announced today when he came here from Fitzgerald, Ga., where he was attending a state confederate veterans' reunion. "This affair is shocking and I am going to have it investigated to the very limit of my power," said Governor Harris. He has not made up his mind exactly what will be done immediately. It is believed much will depend upon the findings of the Cobb county coroner's jury which adjourned to meet Tuesday after having a short session yesterday. The governor had not decided when he reached his office whether a reward would be offered for apprehension of members of the lynching party.

Inquiry Would Be Futile.

E. L. Rainey, a member of the state prison commission arrived here today from Milledgeville. With other members of the commission he was at the prison farm when Frank was taken away. Like R. E. Davidson, chairman of the commission, he is of the opinion that nothing would be gained by an investigation of the events at the prison. Mr. Davidson left Milledgeville early today for Atlanta.

The statement made by R. E. Davidson, chairman of the state prison commission, last night that he did not believe any one could be blamed for conditions which made it comparatively easy for the mob to take Frank from the prison, seemed to indicate that the prison feature might not be investigated immediately. The commission has absolute authority in such matters. The mob had planned its work so carefully and acted so quickly that little excitement was caused at Milledgeville.

Marietta Quiet.

Marietta rapidly assumed its normal poise after Frank's body had been cut down from a tree near the town and brought to Atlanta.

Here immediate interest in the case ended when the body, accompanied by Mrs. Frank and a few friends, last midnight, was started on its way to Brooklyn, the home of Frank's parents.

At Fitzgerald yesterday Gov. Harris said he was instituting a thorough investigation. He ordered his office here to inform the sheriff of Cobb county, in which Marietta is situated, that he would expect him to make a detailed inquiry into the lynching. The Cobb county commissioners had a special meeting yesterday, at which they authorized Coroner John A. Booth to employ extra counsel in his work on the case.

A coroner's jury, empanelled yesterday, heard only two witnesses. By them the identity of the body was established. The jury adjourned until next Tuesday.

Plans of the Lynchers.

Those who today studied more closely the movements of the mob at Milledgeville are convinced that a few members were in the vicinity of the town before the main party arrived. It must have taken some time to cut the telephone wires in the manner in which it was done. None of the automobiles bearing the lynchers was seen here until they approached the prison.

Many in Marietta believe plans similar to those which were successful Monday night were frustrated a month ago. The Milledgeville company of militia was ordered to hold itself ready to proceed to the state prison. As far as generally known reports that a mob might attack the prison were no more persistent than they had been for some time. Prison officials never said exactly why they requested the military to be ready. It was intimated at Marietta that there had been a "leak."

Ruse to Mislead Pursuit.

Those who tried to follow the decoy automobile which carried a part of the lynchers to near Eatonton, where a demonstration took place, said today that these plans had been carefully arranged. Chains were placed on the tires, which made trailing easy, and after the machine had crossed the bridge over Little river the chains were removed, which made it difficult to follow the car. Although nearly every town between Milledgeville and Marietta over any route the mob might have taken had been communicated with today, only one man was found who had seen the several automobiles proceeding toward the lynching scene. He lives within a short distance of where Frank was hanged.

WOLF & DESSAUER
NORTHERN INDIANA'S GREATEST DEPARTMENT STORE
Nos. 119-121-123-125-127 WEST BERRY ST.

The Waning Summer Sun Now Casts Reflections of

The Coming Fashions of Fall

TO THOSE who have visited this store during the past few days has been given a delightful glimpse into the incoming fall fashions. They have seen the ephemeral fancies of summer change into the more substantial modes of autumn.

Day by day these new things have been coming in until now, almost before we knew it, Autumn (so far as merchandise is concerned) is upon us.

Every woman who is interested in styles for the coming season is invited to see these new things. You will note the suits are fitted at the waist, "nipped-in" at the waist line and smartly flaring at the lower edge. Sensibility still dwells in skirts and they remain reasonably short though possibly not so flaring as became the lighter fabrics of Summer.

They are being bought, too, right now by women going West, and by young girls getting the clothes equipment for college.

RUSSIA DEALT HEAVY BLOW IN KOVNO'S FALL

(Continued from Page 1).

lieved to have arrived at an understanding with King Constantine, but it is not considered probable that the result will be the early entry of Greece into the war on the side of the entente allies.

ALLIES GAIN ON GALLIPOLI.

Advance of Five Hundred Yards Reported by General Hamilton.

London, Aug. 18.- A further advance of 500 yards by the allied troops on Gallipoli peninsula is announced in a report from Gen. Sir Ian Hamilton, the British expeditionary commander-in-chief, given out here today. The statement follows:

"Sir Ian Hamilton reports that in the southern zone the situation was unchanged during the 14th and 15th. The Turks kept up the usual artillery fire without much effect.

"In the northern zone, the right flank of the Australian and New Zealand army corps position was heavily attacked during the night of the 14th-15th but all attacks were repulsed. At Sulva the troops on the left flank made a short advance on the afternoon of the 15th with a view to straightening out the line. They moved forward under considerable gun and rifle fire and gained about 500 yards, capturing a Turkish trench and taking two officers and twenty other prisoners."

ITALIANS MAKE GAINS.

Reports From Southern Theater Show Operations in High Altitudes.

Rome, Aug. 17.—(Via Paris, Aug. 18.)—Further Italian advances through the passes of the Alps were made in the Tolmino region. The statement says:

"In the rugged Ortler range between the upper valleys of the Adda and the Adige one of our detachments set out during the night of Aug. 16 from Capanna, Milano, and divided into squads joined by ropes, crossed the Camossi pass (9,500 feet high) and the Vedrett Di Dampo, climbed the snow-capped mount of Turckett Spits (10,500 feet high), and surprised groups of the enemy. It then proceeded to Hinter Madatch Spits (10,500 feet), occupied by a detachment of the enemy, which it attacked and dispersed and solidly occupied the summit. In upper Rienz further progress by our infantry is reported. We occupied Sattleberg, west of Lange Alpe.

"In the Mout Nero section we captured several of the enemy's trenches. Later a counter attack by the enemy on our Visco positions was vigorously repulsed.

"In the Tolmino zone our brilliant offensive developed against the hills of Santa Maria and Santa Lucia, commanding positions situated to the right of the Isonzo. After the customary preparatory shelling by artillery our infantry dashed forward with the bayonet and stormed a line of strong entrenchments extending along the western slopes of these heights. The enemy suffered very heavy losses. We captured seven officers and 547 men, four machine guns and a great quantity of ammunition."

THE FALL OF KOVNO FORTRESS.

Official Announcement by Berlin of Von Hindenburg's Victory.

Berlin, Aug. 18.—The following announcement was made here officially today:

"The fortress of Kovno, together with all the forts and an amount of war material, which has not been determined, has been in German hands since last night.

"More than 400 cannon were taken. The fortress was captured by storm in spite of the most tenacious resistance by the Russians."

Military experts have agreed that the loss of the fortress of Kovno would be a serious blow to the Russians. The critic of the London Times, in an article published this morning, says: "If the enemy succeeds in reducing Kovno and is thereby able to cross the Niemen, he will be in the rear of the Russian line north of the Sventa and with the junction of the two wings of Field Marshal von Hindenburg's army the position of the Russian right flank will be very difficult."

The official German statement of yesterday announced the capture of the forts on the southwest front of Kovno, together with 4,500 prisoners and 240 guns. This was interpreted as foreshadowing the fall of the fortress proper, but its accomplishment so speedily was hardly expected. The famous German general, Field Marshal von Hindenburg, personally took command of the army attacking Kovno. The selection of Germany's national hero for this task indicated the importance attached to it by the German general staff.

Kovno, capital of the Russian province of that name, is on the right bank of the Niemen. It is a fortress of the first class. The civilian population of the city is more than 75,000.

At the time of the fall of Warsaw the Austrian and German forces in Russia were operating in three large divisions. From the south Field Marshal von MacKensen pressed into Poland with the troops with which he had successfully swept through Galicia, recapturing the province from the Russians. From the west Prince Leopold, of Bavaria, advanced directly at the Warsaw front. From the north came the forces of Feld Marshal von Hindenburg, advancing through the Baltic provinces.

After Warsaw was captured a junction was effected between the army groups of MacKenzen and Leopold. The capture of Kovno probably will result in welding the northern and central Teutonic forces into a consolidated line from the Baltic to Galicia. Kovno is a unit of a line of fortresses running from the Niemen south and east, connected by railroad. On this line are Grodno, Brest-Litovsk and Tusk.

The capture of Kovno raises the question whether the Russians will be able to retain this line or whether they will again be compelled to make a general retreat. Retention of the remaining positions on this front might expose the Russians to the danger of a flanking movement. The next line to which they might be expected to fall runs from Vilna about fifty miles east of Kovno, through Lida, Baranovitchi and Pinsk to Rovno. This line is about 300 miles long. The rapidity of the German advance since the fall of Warsaw on Aug. 5, is indicated by the fact that they are within thirteen miles of Brest-Litovsk, which lies about 115 miles east of the captured Polish capital. The line to which they may now be compelled to fall back is about 200 miles east of Warsaw.

LYNCHING IS JUST PENALTY

(Continued from Page 1).

point where every avenue of law had been exhausted and then judgment of the courts was set aside by one man, and the people felt that it was up to them to take the law into their own hands.

"While we people of Georgia deplore this, we know what is behind the feeling that prompted it and I want it understood that it is simply emphasizing the fact that when it comes to a woman's honor, there is no limit we will not go to avenge and protect.

Says Frank Was Guilty.

"There were only two people implicated in the death of Mary Phagan. I know the negro did not commit the deed and am positive that 75 per cent. of the people of Georgia are convinced that the man lynched Monday night committed the deed, and they are on the ground and ought to know.

"As mayor of Atlanta, I have received tons and tons of letters, petitions and requests asking that something be done for Frank and they have all gone into the waste basket, for like all Georgia people who are in a position to get at the truth, I know the facts.

"I know Jack Slaton, have known him for thirty years, ever since he was a young man. I have been friends with him and while I hate to say it, I would not advise him to return to Georgia for a year—if ever."

FOUND QUARTER OF BEEF.

Thieves Thew It From Car of Wabash Train.

Wabash section men found a quarter of dressed beef at the base of the elevated tracks, near Fairfield avenue, this morning, and an investigation revealed the fact that it had been thrown there from a car in Wabash freight train No. 82 which passed through the city last night. The quarter of meat was minus about twenty pounds, which had been cut from it and carried away. The meat was picked up by a switch crew and taken the Sherman-White cold storage plant, where it was placed on ice. The car from which this dressed meat came was sloaded at Kansas City by the Morris Packing company. It will not be known whether other pieces were thrown out of the car until the shipment reaches its destination and is checked up.

THE DEATHS.

BELSCHNER.

Leonard Belschner, infant son of Mr. and Mrs. Frederick Belschner, of 1027 Swinney avenue, died at 12:30 o'clock Wednesday morning following an illness of four days due to cholera infantum. The deceased was thirteen months of age and besides the parents is survived by three brothers and five sisters.

Funeral services Friday afternoon at 2 o'clock at the residence and interment will follow at Concordia cemetery.

DRAKER.

Mrs. Elizabeth Draker, widow of John Draker, who died last January, died very suddenly at 3:45 o'clock Wednesday morning at her home, 1732 Short street, following a stroke of apoplexy which she suffered a few minutes before. The news of her death will come as a shock to her many friends as she only returned from a trip to Denver last Friday.

The deceased was a member of the Precious Blood Catholic church and is survived by five step-sons and three step-daughters; one grandson in Denver and three sisters and two brothers.

FUNERAL NOTICES.

White—Funeral services for Henry White will be held Thursday afternoon at 1:30 o'clock at Klaehn and Melching chapel and at 2 o'clock at Mt. Olive Baptist church. Interment at Lindenwood.

PHILANTHROPIST COMMITS SUICIDE

E. G. Eberhart, Mishawaka Millionaire, Shoots Self on Son's Grave.

South Bend, Ind., Aug. 18.—E. G. Eberhart, 49 years old, millionaire philanthropist and vice president and general manager of the Mishawaka Woolen company, of Mishawaka, Ind., committed suicide on his son's grave in the Mishawaka City cemetery at 4:30 o'clock yesterday afternoon. He shot himself twice, one bullet going through the heart. Grief over the death of his son, Harris, in an automobile accident in 1909 is believed to have caused the financier to take his life.

The body was found by Mrs. Fred Roof while walking through the cemetery. She believed he was ill and notified city firemen at the station near by. They investigated and found Eberhart dead in a pool of blood.

Mr. Eberhart left a note, sealed in an envelope, the contents of which have not been disclosed. On the envelope was written, "Do not call house, but call Fred Grimes at the woolen works." Mr. Grimes is a nephew of the financier.

Aided Church and Y. M. C. A.

Mr. Eberhart always grieved over the tragic death of his son Harris, refusing to become reconciled to his loss. In memory of him Mr. Eberhart gave to the South Bend Y. M. C. A. the camp and lodge at Corey Lake, Mich., the value of which is placed at $20,000. He also founded a memorial for his parents in building the beautiful $100,000 Methodist church at Mishawaka, one of the finest churches in the middle west.

Mr. Eberhart drove to the cemetery daily and often sat by his son's grave for hours, apparently brooding over his death. The death of Harris Eberhart, which occurred under tragic circumstances in 1909, had weighed constantly upon the man's mind.

WOMAN IS INJURED WHEN WAGON UPSETS

Mrs. Mary Keffer, aged thirty-four years, of Dwenger avenue, suffered a badly bruised knee cap at 1:50 o'clock Wednesday afternoon when the wagon in which she and her husband and two children were riding, upset at Highland and Harrison streets. The horse turned the corner too short and the wagon hit the corner and overturned throwing all the occupants to the pavement.

Mr. Keffer is a junk dealer and was on his way after a load of junk when the accident occurred. How the two small children escaped injury seems miraculous, but neither one even had as much as a scratch.

The police ambulance was called and when they found that the injured woman was suffering greatly they urged that she be taken to the hospital but she refused and even begged them not to do it but that she should be taken to her home. Dr. J. Frank Dinnen was called and arrived at the house at the same time that the ambulance did.

The Keffer family is in very destitute circumstances, living in a little tent back of the Nickel Plate tracks in the east part of the city.

CUBS TO START ON FINAL SERIES

Bade Myers Day and Field Day Saturday to Close Season.

The Fort Wayne Cubs come back to regular work Thursday after a two day absence, and Terr eHaute will come over the horizon for the last games of the season. The series closes Saturday with the Bade Myers day celebration, and as an extra added attraction the local players will participate in a field day program before the game.

Bade Myers and Fort Wayne baseball have been so closely linked for nearly a score of years that it is impossible to think of one without thinking of the other. He has been with Fort Wayne through fair seasons and foul, and is the most popular manager in the Central.

Come on, fellows, get out and give the grand old man (who isn't so old, you know) the very gladdest hand that ever sounded in the stands. The Rotary club boosted that opening day; get together, everybody, and boost the closing.

QUIT CANADIAN KIDDING.

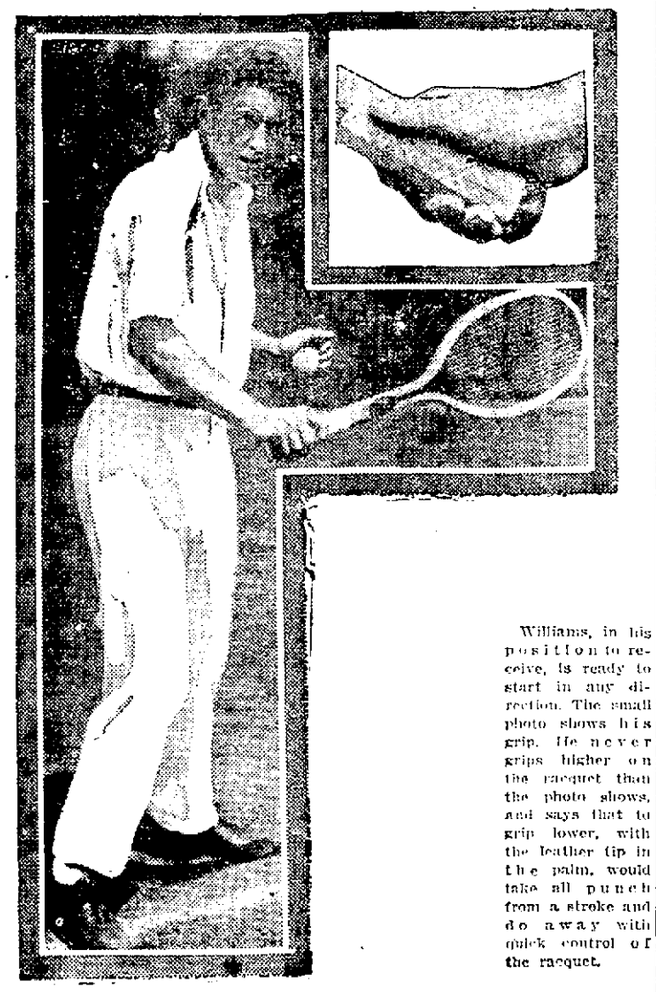
Reports from Winnipeg state that last Monday a visiting player being kidded by the crowd retorted that the Germans would get them. As a result there was a small sized riot, and the player was lucky to escape mobbing. It is said that he will be reported to the league headquarters with a request that he be suspended for his indiscretion. Ball players have been very careful in that respect this year and rightly so. Nothing of that sort should be allowed or it will bring the game into disrepute.

NATURAL HISTORY.

Parson—Now, Willie, that you have told me the sort of fish you expect to catch this fine May morning, see if you can tell me what kind of an animal sleeps standing up?

Willie—I know a policeman!

HOW WILLIAMS, THE TENNIS CHAMPION, RECEIVES.



Williams, in his position to receive, is ready to start in any direction. The small photo shows his grip. He never grips higher on the racquet than the photo shows, and says that to grip lower, with the leather tip in the palm, would take all punch from a stroke and do away with quick control of the racquet.

FIRST OF A SERIES OF PHOTOS, ESPECIALLY POSED BY R. NORRIS WILLIAMS, NATIONAL TENNIS CHAMPION, SHOWING HOW HE PLAYS TENNIS

GRAYS VS. BADGERS.

The Badgers and the Grays are to clash Sunday afternoon at League park in what is to be the rubber game between these two clubs. Each club has won a game and some exceedingly good baseball is looked for in Sunday's game.

The Badgers have so far this season won thirteen out of fifteen games and have played practically all the clubs in the city, while the Grays have won ten out of thirteen.

Distel and McGuire will do the twirling for the Badgers, with Berg doing the catching, while Freese and Koenig will do the twirling for the Grays, with Widda doing the receiving.

WISCONSIN BIDS ROMANCE FAREWELL

Prosaic Palm Leaf Fans Succeed the Seconds' Flapping Towels.

Milwaukee, Wis., Aug. 18.—Walter H. Liginger was re-elected chairman and Manning R. Vaughn reappointed secretary of the state athletic commission when the boxing moguls reorganized the board as required by the amended Hedding fight law.

With a view to bettering conditions surrounding boxing in Wisconsin, the commission adopted a number of new rules and amended some of their old regulations which experience indicated needed changing.

The commission plans to make boxing an aristocratic sport. Hereafter spectators sitting near the ringside will not be covered with water and resin by towel-swinging seconds, as the commission will recommend that all clubs require seconds to use palm leaf fans instead of the time-honored towel in fanning boxers. The commission also adopted a rule which will tend to do away with the wild splashing of water over spectators seated near the boxer's corner.

Disputes over referees between boxers and clubs will be settled by the commission hereafter. Boxers who fail to appear to be examined and weighed in at the time required by the commission will draw a vacation of from three to six months. Another rule requires that the weight of all boxers be announced from the ringside.

GERMANY WILD OVER HEROES.

Commanders of Submarines are First in Popular Favor.

Berlin, Aug. 17.—Next to naming a new baby or a statue or a bridge or tower after Hindenburg, granting the freedom of a city to the commander of a successful submarine is Germany's popular diversion at present. No less than four naval commanders have thus been honored and have been made "honor citizens," of communities large and small.

The first one to be thus recognized was Frigate Captain von Mueller, commander of the sea raider Emden. The city of Emden, after the ship's destruction, named von Mueller its honor citizen, while his birthplace, Blankenburg, paid him similar tribute.

The city of Karlsruhe took the same steps in the case of Frigate Captain Erich Kochler, commander of the Karlsruhe, and Otto Weddigen, captain lieutenant of the U-9 and the U-29, who perished with the latter submarine, has been similarly honored by his birthplace, Herford. The latest case is that of the city of Kreuznach, which has conferred its freedom on Captain Lieutenant Hersing, commander of the U-21 and the U-51.

All leather suit cases, one-fifth off.

Merely "Oil" Won't Do Here

Consider running your motor without *any* lubricant. That is only a much *quicker* way to ruin it than to run it with a poor oil. It takes longer, that is all.

An oil that does *any* damage has no place in *any* car, for the function of a lubricant is to protect friction-surfaces. The ease of running—easy action and full power—simply goes along with this protection.

Some oils are better than others, but only the *best* should be used. Anything *less* is injurious.

The question is—Which are the best oils?

Polarine
FRICTION-REDUCING MOTOR OILS

is made in the largest plant of its kind in the world. Here is every known facility, collected after years of experience, for the production of the perfect oil. Here is a great laboratory. Here are chemical specialists—experts who have spent years working out lubricating problems of all kinds. Their prestige is at stake on every one of their recommendations.

Polarine is their recommendation for all standard makes and types of motor cars, motor trucks and motor boats in use today.

No better oil can be made, yet Polarine costs no more than poorer oils. Our profits come from volume, for we are selling Polarine at the rate of 7,000,000 gallons yearly.

Use an oil about which you know all the facts.

All first class dealers, garages and filling stations can supply you with Polarine. Insist on getting it.

LOADING BREAD FOR THE GERMAN ARMY.

Photograph by Durborough taken at Intersburg, East Prussia. This is a German army bread wagon collecting the daily bread for the soldiers billeted in the town. The picture was taken in front of a bakery and the baker had just added his morning's contribution from the oven.

HOAGLAND NEWS

Hoagland, Ind., Aug. 18.—Miss Anna Harrod, who has been spending several days in Pittsburg, Pa., returned home Monday.

Virgil McKeeman, of Fort Wayne, was the guest of Vivian Chapman Sunday.

The little daughter of Rev. E. M. Foster has been very sick for several days but is some better at this time.

Rev. A. K. Mumma and family left Tuesday morning for a trip to Indianapolis to spend a week. On their way they will stop at Markle, Ind., and visit with Ed Youse and family for a day.

Miss Mildred Baker of Fort Wayne, is visiting Dr. Orville Smith and family.

Warren Smitley, Mrs. Claudine Miser of Fort Wayne, and Mr. and Mrs. Edward Hilky of Detroit, Mich., called on Enos Smitley and wife Saturday.

Mr. and Mrs. James Stepheson of Bippus, Ind., spent several days here last week guests of the latter's mother, Mrs. Sarah Barkley.

Mr. and Mrs. Paul Smitley and Mrs. Sarah Barkley and Dayton Barkley spent Sunday at Mr. Wm. Stepeson's, near Monroeville.

Miss Minnie Chapman is confined to her home with hay fever the past week.

Miss Georgia Crawford and Miss Vivian Chapman have gone east for their vacation.

The W. C. T. U. met at the home of Mrs. Daugherty Monday afternoon to plan their work for this year. Mrs. Ridenour, of Fort Wayne, was present to assist them in their plans.

The Young People's class of the Luthern Sunday school, and the Young People's class of the Methodist Sunday school will spend the day at Robison park, Saturday, Aug. 21. They are anticipating a fine time.

Joseph and Bernice Morris of New Haven, are spending several days with their grandparents, Dr. J. L. Smith and wife.

Oscar Fry has gone to Indianapolis to spend several days and will in the near future move his family there.

Mr. and Mrs. Elias Hartzel, Mr. and Mrs. P. L. Hartsel, Mr. and Mrs. George Tucker, Martha Tucker, Kenneth Tucker, Ray Smith, Mrs. Anna Drake and Mrs. Maggie Wright attended the Roebuck reunion at Roanoke Sunday, which was held at the home of Mrs. Hattie Dennis.

The Chapman reunion will be held at the home of John Chapman Wednesday, August 25.

Frank Drage and family of Fort Wayne, and Mr. and Mrs. Clifford Houck spent Sunday at the home of Mr. and Mrs. Fred Drage.

Mr. and Mrs. John Youse and son, Willard, motored to Markle Tuesday, to spend the day with Ed Youse and family.

The eighth annual reunion of the Gresley's was held Saturday, Aug. 14, in the Koeneman hall. At the noon hour after singing, "Praise God From Whom All Blessings Flow," and a word of prayer by Rev. E. M. Foster, they all sat down to an elaborate table filled with all the delicacies of the season. The surprise of the day was given by the town band as they came and played several selections. A program was rendered in the afternoon as follows: Invocation, Rev. A. R. Mumma; song, "Blest Be the Tie That Binds"; recitation, "Grandpa's Spectacles," Sylvia Eley; recitation, Velma Gresley; solo, Mrs. E. M. Foster; short talk, "The Reunion," John Gibson; piano solo, Elmer Grimsby; recitation, Sarah Richard; recitation, Harry Emenhiser; duet, Lydia and Gertie Gresley; talk, Rev. A. K. Mumma; piano solo, Elmer Gromsby; recitation, Neota Richard; talk, Rev. E. M. Foster. The officers were elected for the following year. Recitation, "Jennie McNeal," Mrs. Eliza Gresley; song, God Be With You Till We Meet Again. The band played several selections, then ice cream, cake and watermelon were served. Those present were: Mr. and Mrs. Peter Gresley and daughter, Lydia; Mr. and Mrs. John E. Gresley; John A. Gresley; Mrs. M. J. Gresley; Mrs. Alta Gresley; Mr. and Mrs. Fred Gresley; Mr. and Mrs. Edgar Gresley; Mr. and Mrs. Oliver Davis; John Davis; Rebecca Davis; Mrs. Henrietta Davis, of Coldwater, Mich.; Mr. and Mrs. George Gresley, of Bippus, Ind.; Mr. and Mrs. Charley Gresley; Leroy Gresley and children; Mr. and Mrs. Nathan Gresley and family; Mr. and Mrs. John Presulin; Mary Swartz; Rev. A. K. Mumma and family; Rev. E. M. Foster and wife; Mr. and Mrs. Wm. Houk, of Van Wert, Ohio; Mrs. Mary Ann Rily; Mrs. Ellen Drage; Mr. and Mrs. John Gibson; Mr. and Mrs. David Emenhiser and family; Mrs. Charles Johnson of Decatur, Ind.; Lucy Van Buskirk, of Fort Wayne; Judson Ruckman; John Van Buskirk; Mrs. Wm. Anderson and children; Mr. and Mrs. David Attman; Mr. and Mrs. J. M. Van Buskirk and children; Byron Eby; Mr. and Mrs. Ed Drage and family, Mr. and Mrs. George Adair; Jacob Riley; Mr. and Mrs. V. K. Kohr; Mr. and Mrs. Chance Morton and family; Mr. and Mrs. Frank Hake; Orpha Hake; Mr. and Mrs. George Coleman and children; Mrs. Sarah Tschanen; Jessie Riley; Ed Weaver; Foster Stout; Mrs. John Birkley; Mrs. Harve Malot and children; Mr. and Mrs. Lee Hake and family and Mrs. Della Eley, of Fort Wayne. There were 112 relatives and friends gathered together, old time kindred ties were rebound, new acquaintances made and a real heartfelt joy that cannot be expressed in words was plainly written on the faces of old and young. The only regret, the day was too short and so soon spent that these new made ties of love and affection could only be held in memory as they departed for their homes. The next annual reunion will be held at Coldwater, Mich., the second Saturday in August, 1916.

Counterfeit dollars are not a bargain at any price; neither is poorly made Furniture. Foster's.

HER 104TH BIRTHDAY.

Mrs. Elizabeth McCoy Celebrates Anniversary—Greets Each Guest.

Bloomingdale, Ind., Aug. 18.—Elizabeth McCoy, with forty-four relatives, celebrated her one-hundred-and-fourth birthday anniversary at the home of her daughter, Mrs. Rachael Marks, in Sylvania. Mrs. McCoy asked that none of her relatives bring presents, but she received a large number of letters of congratulation. She is the mother of two living children, Mrs. Marks and John McCoy, of Terre Haute. There are thirteen grandchildren, twenty-seven great grandchildren and twelve great great grandchildren. Mrs. McCoy was born in North Carolina and has lived in Indiana for nearly ninety years.

THREE JUDGES ARE NAMED.

One to Be Chosen to Try Case of Ryman Against Williams.

Muncie, Ind., Aug. 18.—Judge Frank Ellis, of the circuit court, who granted to Gene Williams, deputy prosecuting attorney of Delaware county, a change of judge as far as it affects Williams himself, in the suit brought by Wilbur Ryman, an attorney, against Williams, City Judge Ralph S. Gregory, Mayor Rollin H. Bunch and other public officers, the suit being in the form of a demand for $5,000 because of alleged libel, has named three judges from among whom the two parties to the suit must select their trial judge. The judges named are: Luther Pence, of the Madison county circuit court; Fred Gause, of the Henry county circuit court, and Theodore Shockney, of the Randolph circuit court, all being from surrounding counties. Williams has elected to be the first of the six defendants in this case to go to trial.

Ryman, who was a deputy special prosecuting attorney in charge of the grand jury that indicted a number of city officers on many charges of malfeasance in office, alleges that Williams and the others in their plea in abatement made charges against him that were untrue and libelous. Williams says he can prove his statements and professes to be anxious to go to trial.

UNUSUAL OFFER

Sell Dr. Howard's Specific at Half-Price and Guarantee a Cure.

"It isn't often that we have faith enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said Meyer Bros. to a Sentinel man who dropped into their store, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that basis.

"The Dr. Howard Company in order to get a quick introductory sale, authorizes us to sell their regular fifty cent bottles at half price, 25 cents and, altho we have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory."

"We are still selling the specific at half-price, altho we cannot tell how long we shall be able to do so, and anyone who is subject to constipation, sick headaches, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this chance. You can tell your readers that if they are not satisfied with the specific that they can come right back to our store and we will cheerfully refund their money.—Advt. a ug 6-18

WM. HAHN & CO. FORT WAYNE'S GREATEST BARGAIN STORE.

MOTORBOAT OWNERS FINED.

Charged With Failing to Comply With Government Regulations.

Terre Haute, Ind., Aug. 17.—A number of motorboat owners in this city have received notice from the government steamboat inspector at Evansville of the fact that they have been fined heavily for violation of the government regulations regarding the equipment of their boats. The fines range from $50 to $250 for failure to have the required number of books of rules, whistles, life preservers, fire extinguishers and signal bells.

Opportunity was given the offenders to make affidavits setting out their reasons for violating the law, and all except one are making an effort to obtain a remission of the fines. The exception was Louis Rippetoe, owner of one of the finest motorboats on the river, who was fined $50 for failing to have two books of rules, as required. He said he could give no reason for not having them, and sent the inspector his check for the fine.

The officers of the local motorboat club have been trying for years to have the government inspectors enforce the regulations regarding the equipment of motorboats and other river craft, but it was asserted that until this year no appropriation had been made to pay the expenses of such work. Beginning with the new fiscal year, July 1, however, an appropriation became available for this purpose, and it is understood the officers have been active along the Wabash in this inspection district in enforcing the law.

Bathing suits one-fifth off.
PATTERSON-FLETCHER CO.

No person in Fort Wayne with a reputation for paying honest debts need ever to have to purchase installment store goods. He can obtain needed credit at Foster's.

MAY BUY PHONE PLANT.

Logansport Council to Consider Plan of Municipal Ownership.

Logansport, Ind., Aug. 18.—Logansport may have the first municipal telephone plant in the state. At the next meeting of the common council the Logansport Home Telephone company will offer to sell to the city its plant and all equipment for $261,375, the appraised valuation as fixed by experts of the Indiana utility commission two years ago.

Complaint against the increase in rates recently granted by the state utility board is responsible for the offer by company officials who declare that, under the present rates, the corporation would be forced into the hands of a receiver and that, eventually, Logansport would be without telephone service, as no plant could be operated with such small revenue.

Under the ruling of the state board the rate on one-party phones is increased from $15 to $24 a year, an increase of 60 per cent. Hundreds of people have announced they will have their telephones taken out when the increase goes into effect October 1.

At present, the city of Logansport owns its electric light and water works plant and a caucus of the city council will be held this evening to discuss the telephone matter.

Men's white serge suits half price.
PATTERSON-FLETCHER CO.

FOUND HE HAD TRAINED PIGS.

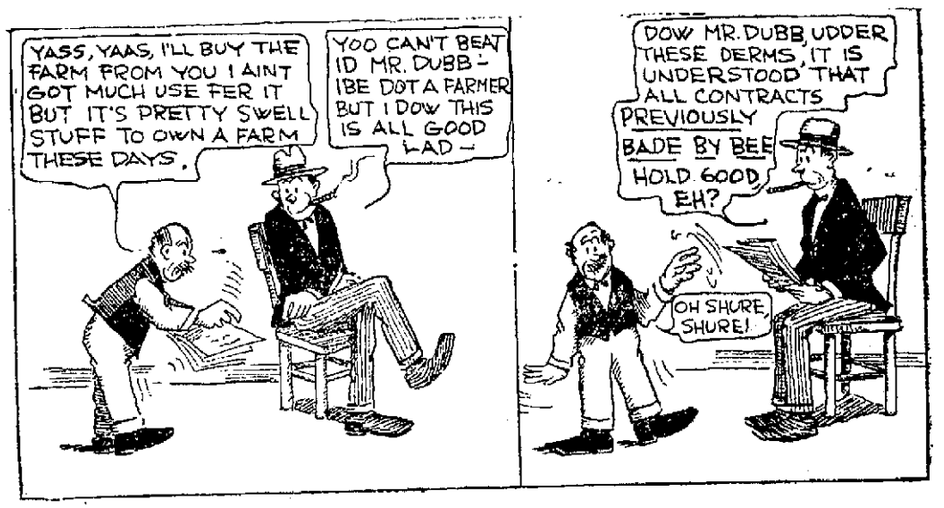
Rockport Man's Stock Insisted on Being Fed Properly.

Rockport, Ind., Aug. 18.—Thomas Langdon, a Rockport citizen, bought several pigs a few days ago. Much to his surprise he found that he had some trained animals on his hands, for whenever the 12 o'clock or the 6 o'clock whistles blew, the pigs made a frantic rush for the feed trough where they stood and squealed until fed. Making inquiry he learned that they had been formerly kept near the flour mill and fed by one of the employes as soon as the whistles blew and work in the mill ceased.

STELLA AND GERTIE

(NO ONE WILL DOUBT BUT WHAT STELLA'S INTENTIONS ARE GOOD, ANYWAY!)

By "BERT"



YASS, YAAS, I'LL BUY THE FARM FROM YOU I AINT GOT MUCH USE FER IT BUT IT'S PRETTY SWELL STUFF TO OWN A FARM THESE DAYS.

JES WOT IBE THINKING, STELLA!

SHOP AND RAILROAD NEWS

BRIDGE INSPECTION COMMENCES THURSDAY

Head of Local Pennsy Maintenance Department Out on Trip.

The annual bridge inspection on the Western division of the Pennsylvania will be made Thursday, Friday and Saturday of this week. The special train carrying the inspection party will start from Clark Junction at 7 o'clock Thursday morning and travel as far east as possible in day light, stopping at all bridges to inspect them. A. A. Wirth, supervising engineer, of Pittsburg, will be with the party. Others will be Division Engineer Guy Scott, Master Carpenter D. C. Zook and some of his bridge foremen, and the road supervisors, the latter traveling over only their own sub divisions. The color blind examinations and general inspection of stations and road on the Western division will be completed tonight. The line between this city and Crestline was covered last week and yesterday and today the line between Clark Junction and Fort Wayne was covered. This inspection is under the auspices of Supt. Otto Schroll, who is out with the party.

JOHN MOTEN ENTERTAINS.

John Moten, general utility man at the Pennsylvania station and freight house, celebrated his thirty sixth birth anniversary Monday night, when he entertained the Eclipse foot ball team at his home, 430 Boltz street. The Eclipse orchestra furnished music and the exercises, including the serving of refreshments, took place on the lawn, witnessed by many of the neighbors. Mr. Moten's guests were Archie Rhodes, Emil Desper, Eddie Brown, Clifford and Jesse Peters, Clem Foster, Harrison Leonard, Charles Young, Cecil Pettiford, Henry Johnson, Donald Wright, Vernon Bassett and Henry Johnson, of Fort Wayne; Gabriel Drake, of Muncie, and Ben Barber, of Wabash.

OVER 100 AT MASS MEETING.

The organizers and others interested in the work in behalf of the Hotel and Restaurant Employes' union, held at mass meeting at the assembly room of the court house last night, which was well attended and may be followed by desired results the building up of local, No. 489. Among the speakers were Miss Elizabeth Mahoney, general organizer for the Hotel and Restaurant Workers; Carl Wyatt, general organizer for the American Federation of Labor; P. J. Shea, general organizer for the street railway men, and J. C. Workman, district organizer for the American Federation of Labor.

GETTING READY FOR CONVENTION.

A canvass of the field has developed the fact that the eighth annual convention of the Veteran Nickel Plate Employes' association, which will be held in Cleveland, Saturday, September 4, is going to be better attended than any of its predecessors. The chief reason is that the association has a good many more members today than ever and another reason is the general desire to go and enjoy the big eat and other good things of the gathering. A partial canvass indicates that at least forty Fort Wayne people will attend the meeting, going there on special cars on trains 4 and 6.

WILL HANDLE TRACTION EMPLOYES.

The G. R. & I. company has contracted to handle about 200 people from Kendallville to Rome City tomorrow. The party will be the Fort Wayne and Northwestern Traction company employes, who are going to Rome City as guests of the Traction company to have a day's outing. The Traction company pays the expenses and promises a good time to its employes and their families.

WANATAH COAL DOCKS COMPLETED.

Assistant Road Foreman of Engines F. E. Wilmore of the Pennsylvania, has returned to the city after spending a few days at Wanatah where the old coal docks were removed and replaced with new. The change was made in record time, the new docks being ready to serve coal just fourteen hours after the old ones went out of commission.

INSTRUCTION CAR LEAVES CITY.

The Wabash Engineers' Instruction car, mentioned by The Sentinel last Saturday, left for Toledo last night, after being here three or four days. It is in charge of W. C. Davies, a former engineer, and during its stay in Fort Wayne many of the company's employes visited it and received instructions on matters connected with the mechanism of air brakes and locomotive attachments.

LINEMEN'S ICE CREAM SOCIAL.

The committee having charge of the Linemen's ice cream social at Swinney park tonight expect a crowd and promise a good time. In addition to the refreshments, there will be other entertaining features, included being a concert by the Elks' band and an electrical display that has never been equalled at the park.

LOOKING UP GRAIN CARS.

E. E. Farley, of St. Louis, traveling car agent of the Wabash, is making a trip over the road checking up with the freight agents and locating all grain cars fit for service. The latter are needed at St. Louis and Kansas City and are being rushed there with all possible speed.

RECALLED FURLOUGHED MEN.

O. H. Weise, C. C. Eckelberry, R. H. Metcalf, H. Frost and E. R. Baker, firemen who were furloughed some months ago when business became dull on the Pennsylvania, have been recalled and placed on the extra list. This movement is on account of the increasing business on the road.

AIRBRAKE CAR TO BELLEVUE.

The Nickel Plate air brake instruction car, which came here August 11, goes to Bellevue tomorrow, where instructions will be given employes until all have been served. Ed Dolan, of Stony Island, has charge of the car and instructs the classes.

INDUSTRIAL NOTES

Nickel Plate Fireman E. Hunsacker is taking a lay off.

John G. Klett, the lumber dealer, is taking a week's sojourn at Lake James.

Mrs. Frank Klett has returned from Chicago, where she spent a month with relatives and friends.

F. T. Hendry, general agent of the passenger department of the Santa Fe, was in the city yesterday.

W. H. Shorey, district passenger agent of the Wabash, is at St. Louis today on business connected with the department.

General Yardmaster J. L. Gogarty, of the Wabash, is spending a day or two at Decatur, his former home.

Nickel Plate Switchman E. W. Loth is taking a day off to attend to some private business.

Supt. M. L. Reynolds, of the Lake Shore, was in the city on railway business yesterday.

After a ten days' lay off Nickel Plate Engineer A. E. Evans has resumed his duties on the road.

Fireman Louis Koers, of the Nickel Plate, is sick with rheumatism and is unable to work.

Fred Rothenberger, tinner at the Pennsylvania shops, will spend the week-end at Rome City.

Machinist Gus Meyer is absent from the Pennsylvania shops on account of sickness.

Chief Clerk P. V. Zurbuch, of the east car shops of the Pennsylvania, has completed a two weeks vacation.

J. C. Camperman, who sprained his arm a week ago, resumed work in the Pennsylvania boiler shop this morning.

Division Storekeeper C. P. Cherry arrived home this morning, after a business trip to Pittsburg.

Paul J. Wefel is a new employe at the Pennsylvania boiler shop. He was formerly a fireman on the Northern Pacific.

Howard council, No. 246, Royal Arcanum, will initiate some applicants tonight and follow up the business session with a social.

Machinist John O. Bryant, who cut one of his knees badly with a scythe three weeks ago, resumed work in the Pennsylvania shops this morning.

Rate Clerk William Kelley, of the Nickel Plate freight office, is at Rome City with his family, enjoying a week's outing.

A special train carrying letter carriers to their national convention will pass through the city over the Nickel Plate Friday, September 3.

Night Baggage Master Herman Juergens, of the Wabash, is on a sight-seeing trip to Buffalo and Niagara Falls, which will last three or four days.

Engineer Frank Longsworth and Fireman C. W. Frankhart, who compose a switch engine crew in the Nickel Plate yards, are taking a day or two off duty.

Pennsylvania Operator W. J. Limecolley is entertaining Mrs. E. L. Hatton and son, Britt, Ia., Mrs. D. Singer, of Valparaiso, who are relatives.

After an absence from the shops of two weeks on account of an injured finger, M. P. Zeissig reported for work at the Pennsylvania yesterday.

O. O. Vaught, draftsman at the east car shop office, is off on a week's vacation, which he is spending in Indianapolis and Chicago.

Conductor W. B. Pierce, who had been with relatives at Pierceton since August 1, has returned to the city and resumed his duties on the road.

After a week's visit with his relatives in Ohio, Conductor E. A. Clippinger resumed his duties on the Nickel Plate this morning.

Brakeman William Wolf, who was off on account of the illness of his child, and Brakeman W. J. Hart, who was off to look after private business, resumed work on the Nickel Plate yesterday.

Stenographer William Potthoff, of Supt. Otto Schroll's office, entered upon a two weeks' vacation this morning. He will spend a part of it with friends in Chicago.

The Clover Leaf delivered a car load of Italian reservists to the Nickel Plate at Continental last night. The men came from the southwestern country and are going home to fight for Italy.

O. J. Willson, of the supplies department of the Wabash at this point, and the oldest man in point of service on the pay rolls, has gone to Pleasant Lake, Mich., for a short visit.

Nickel Plate Engineer Banner Fullerton, who had been off duty on account of entertaining some relatives who reside in Ohio several days, resumed work yesterday on the "house" engine.

Assistant Master Mechanic Fred T. Huston and Wheel Department Foreman Frank Schaffer, of the Pennsylvania shops, made a business trip to Crestline yesterday.

E. E. Dibline, assistant master mechanic of the Eastern division of the Pennsylvania, with residence at Mansfield, and his family have gone to Odon Lake, Mich., to spend two weeks. Mr. Dibline formerly resided in Fort Wayne.

George Anderson and Ed Koenig have resumed their duties at the Nickel Plate freight house, after a week's absence. Mr. Koenig was at Lake James and Mr. Anderson was taking an auto trip through Michigan.

Conductor C. A. Bowman and Brakeman Harlow Swinehart have taken a week's lay off and Conductor Joseph Stephens, who was sick a few days, reported for duty yesterday. They are Nickel Plate employes.

Lee Laramore, Nickel Plate engineer, who had been suffering from an attack of asthma and was off duty for a week or more, has recovered and resumed work. He lives in Stony Island, but runs in and out of Fort Wayne.

Charles Bromelmeier, Nickel Plate engineer, who had been entertaining some friends from Cleveland several days, resumed work on the road this morning, the visitors having returned to their home.

Valuation car, No. 18, of the interstate commerce commission, was a part of Nickel Plate train No. 2 yesterday, en route from Chicago to Franklin, Mass. A car load of salmon, en route from Oregon to Boston, was also a part of Nickel Plate train No. 2 yesterday.

General Manager W. B. Wood, of the G. R. & I., accompanied by Supt. Benj. H. Hudson and Division Engineer R. C. Jones, made a trip from Grand Rapids to Richmond yesterday, returning last night. It was Mr. Jones' first trip in his new capacity over the line.

The Moellering Construction company has contracts involving the building of over a mile of street pavement in Sturgis, Mich., and H. A. Gerberding, a member of the firm, who has charge of the work, is here in the effort to hire some teams and laborers. He says they are scarce at Sturgis.

Ross and C. R. Kennedy, stenographers and clerks at the Pennsylvania car shop office and the store room respectively; C. Stahn, of the Electric Supply company, and J. Benschet, of the Wayne Knitting mills, will compose a jolly party that will spend the week-end at Rome City.

The Brewery Workers' picnic at Carter's grove Sunday was one round of pleasurable features from beginning to end, according to those who attended it. In the contests the Centlivre ball team defeated the Berghoff's, Al Boehme won the slow man's race, F. Sarazen won the fat man's race, Al Boehme the free for all race, H. Pence the boy's race, G. Henschen the girl's race, V. Roberts the shoe race and Mrs. Albert Eckerle the woman's race. Eats were plentiful and accessible at all times.

NOTICE TO TRACTION PATRONS.

Beginning at once, on account of repairs being done to track at Clinton and Main Streets, Driving Park and Robison Park cars will use west loop, take these cars at Calhoun and Main, by Hamilton National bank, Main and Harrison, Harrison and Columbia. This routing will continue until repairs are finished.

FT. WAYNE & N. I. T. CO.

Engineer Clarence Crosby and Fireman John Dreisbach were on the engine which struck and demolished the automobile carrying Mr. and Mrs. G. F. Holmes, of Bellevue, as it was crossing the Nickel Plate tracks on Center street. Fortunately neither of the occupants of the car was injured, though they were carried a considerable distance down the track. The accident caused considerable excitement at Bellevue because of the prominence of the man and woman who figured in it. No blame is attached to the engineer.

We are selling an Army Khaki Trouser, nicely made, at 90c during our great sale that costs you $1.50 in any other store.
PATTERSON-FLETCHER CO.

A. A. Hilton, of Seattle, Wash., was a caller at the Bass Foundry and Machine works' office this morning. Some fifteen years ago Mr. Hilton was manager of the Bass foundry in Chicago and the acquaintance then formed with the men at the main plant in this city has been mantained by occasional visits. Mr. Hilton is now conducting a steel mill business at Seattle. He has been east on business and stopped off here en route home to see his friends.

Live Lobsters, Soft Shell Crabs. Hof Brau.

The Pennsylvania is testing a trap door which operates automatically when the door of a vestibule car is opened. The trap door is designed to close the gap between high platforms and the platform of a vestibule car. When the extension is not needed connection between it and the vestibule door can be separated easily. The trap door is designed more especially for the east, as none of the western stations have high platforms.

Hamburger Bros.' fine mohair suits at $8.00 during this great sale.
PATTERSON-FLETCHER CO.

All indications point to a large enrollment for our fall opening a week from next Monday. Will you be with us? Phone 504 for particulars and catalogue.

THE INTERNATIONAL BUSINESS COLLEGE.

Engineer and Mrs. J. W. Harber went to Mt. Clemens yesterday, where she will take treatment at the sanitarium for an affection which has temporarily crippled her. Mr. Harber will return here in a few days, but Mrs. Harber, if she finds the prospects of improvement good, will remain an indefinite time.

80 Children's Top Coats half price. All others discounted 10 per cent.
PATTERSON-FLETCHER CO.

BUSHER STEPS UP.

Chicago, Aug. 18. Charles Johnson, an outfielder, purchased from the Bloomington club of the Three-I league, joined the Chicago Americans here today. He has made a reputation by his heavy hitting.

10 dozen $2.00 Wool Hats, 50c.
PATTERSON-FLETCHER CO.

High-class entertainment. Hof Brau.

The annual family picnic of Home lodge No. 881, I. O. O. F., will be held Sunday at Foster park. Athletic contests will feature the affair.

PATTERSON-FLETCHER CO.

Woman's Day Congress of Old Ladies and hard times parade, Robison Park, tomorrow if the sun shines. Early morning showers, however, will not prevent the celebration

GARBAGE SITUATION SHOULD BE STUDIED

S. R. Greeley, Well Known Engineer, Addresses the Council.

That a proper solution of Fort Wayne's garbage situation can be reached only after a thorough survey by some one competent to do the work, was the gist of a brief address made to the members of the city council and other municipal officers Tuesday evening by Samuel R. Greeley, a well known garbage engineer. Mr. Greeley was associated with Irwin S. Osborn, probably the most eminent garbage engineer in the country, in working out a solution of Chicago's vexed garbage problem. He has worked for many cities in this country and has studied garbage disposal in England and Germany.

Engineer Greeley stopped in Fort Wayne while en route to an Ohio city, where he is employed in engineering a garbage disposal system.

Mr. Greeley told the council that garbage disposal embraced three main considerations—home treatment, collection and final disposition. Of these the first two were of the greater importance to householders, who were and should be of first consideration. He said that every community's problem presented its individual points and that every community must be studied with reference to the local situation and its peculiar needs.

In answer to questions by councilmen Mr. Greeley said that he could not intelligently advise them as to the comparative merits of having one central garbage plant or maintaining two or more. Each plan had its merits, but which would prove superior in this or any community would depend altogether on local conditions. Mr. Greeley did not in any wise commit himself to an approval of Mayor Hosey's plan to establish a garbage crematory in the far southwest part of the city and to maintain the old garbage crematory on North Clinton street.

In answer to a question, he said that modern incinerators of approved type and properly operated were practically odorless and not likely to prove a nuisance. He cited several instances of centrally located plants. He stated, also, in response to a question, that loading stations could be maintained without offense, but that that question depended much on the efficiency and cleanliness with which they were managed.

It is believed that Engineer Osborn will be in Fort Wayne within a few days to consult with the board of works in response to an invitation from Chairman Robert E. Kelly, who has been in correspondence with him for some time.

BUT TWO CHANGES MADE.

City's 1916 Tax Levy and Appropriations and Tax Levy Agreed Upon.

In a meeting of the committee of the whole, Tuesday evening, the members of the city council made but one change in the appropriations as recommended by the city comptroller, W. C. Baade, and but two changes in the levy as he had prepared it originally. The total appropriations are $455,433, and the tax levy is $1.16. By cutting out the $4,000 provision for a fireproof building to house the electric fire alarm headquarters and eliminating the 3 cent garbage plant levy and adding to the general appropriations levy the council provided the way to give the board of safety about $16,000 for motorization of the equipment at No. 1 fire engine house and restoring the track elevation levy to 10 cents from the 7 cents to which the comptroller had cut it. The approval of the budgets and tax levy was accomplished without incident save in respect of the comptroller's provision of $450 for an automobile for the health department. This was strenuously opposed by Councilmen Smith and Korte, who thought the city was buying too many buzz buggies for public servants. Korte made some sarcastic references to the motorization of the No. 1 fire house equipment, pointing out that he was unable to get any action on the establishment of a fire station in the Tenth ward, although the project had been up for several years. Some of the councilmen wanted the appropriation for public lighting raised from $55,000 to $56,500, but Comptroller Baade stated that he already had boosted it $1,000 above the board of works request for $54,000, and that if next year the need of more was apparent an additional $1,000 could be appropriated. As approved by the council, the appropriations for next year stand as follows:

Department of Finance	$ 31,160
Department of Law	2,900
City Court	2,075
Public Works	189,081
Public Safety	188,941
Public Health	11,260
City Parks	30,006
Total	$ 455,422

After agreeing to drop the garbage plant levy of 3 cents and add it to the general levy, bringing that rate from the 85½ cents recommended by the comptroller up to the 88½ cents urged by Mayor Hosey in order that the track elevation levy might not be impaired for the motorization of fire equipment, the levy as approved stood like this on the $100 valuation:

General Appropriations	.885
Parks	.085
Park Music	.005
Sinking Fund	.05
Track Elevation	.10
Playgrounds	.015
Police Pensions	.01
Firemen's Pensions	.01
Anthony Wayne Monument	.0025

The committee of the whole will report the appropriations and tax levy ordinances according to figures in the foregoing and will pass them at the regular meeting the last Tuesday in August.

STATE STREET STARTED.

First Concrete Poured on New Pavement Wednesday.

The Grace Construction company began to pour concrete on the new State street pavement at 11 o'clock Wednesday forenoon at a point directly east of the St. Joe bridge. This is one of the biggest paving undertakings in the city and required a great amount of preliminary work, the moving of car tracks and excavations having required many weeks of work.

LAST MINUTE NEWS

GERMAN U-BOATS SINK FOUR SHIPS

London, Aug. 18.—The British steamer Bonny, of 2,702 tons gross, and the Spanish steamer Isidoro, 2,044 tons gross, have been sunk. Twenty-one of the crew of the former vessel, and eight of the latter, were picked up. The trawler George, also was sunk. Her crew was saved. The Norwegian steamers Romulus and Mineral have been sunk. The crews were saved.

COTTON WILL BE MADE CONTRABAND

London, Aug. 18.—A proclamation declaring cotton to be contraband of war is expected to be issued tonight or tomorrow at the latest by both Great Britain and France.

ASIATIC CHOLERA SPREADS RAPIDLY

Paris, Aug. 18.—A Havas dispatch from Zurich says that the latest report regarding cholera made by the Austro-Hungarian minister of interior states that the disease is spreading in that kingdom. Six hundred and seventy new cases have been officially reported, the majority in Galicia.

THE BIRTH RECORD.

Born—To Mr. and Mrs. Tony Pojeheski, 1912 Walton avenue, a son.

To Mr. and Mrs. U. J. Loose, 2135 South Lafayette street, a son.

To Mr. and Mrs. Frank Hartman, 629 Runion avenue, a son.

To Mr. and Mrs. Ray Pressler, 1405 West Main street, a son.

To Mr. and Mrs. Charles Andrews, 2620 Reed street, a son.

To Mr. and Mrs. Walter Peter D. Knoche, 2825 Lillie street, a son.

To Mr. and Mrs. Harry H. Dustman, 1917 Antoinette avenue, a daughter.

To Mr. and Mrs. Stephan Lila, 410 Buchanan street, a daughter.

To Mr. and Mrs. Harvey Hall, South Fairfield avenue twin boys.

To Mr. and Mrs. Cusma T. David, Barr street a boy.

M'INTYRE PLANT IS TO BE SOLD

A petition was filed Wednesday with Referee in Bankruptcy Sol A. Wood by J. D. Casey, trustee for the W. H. McIntyre company, of Auburn, asking for permission to sell the real estate and personal property belonging to the company. The referee set Wednesday, September 1, as the date for the hearing.

The referee Wednesday granted permission to the trustee to conduct the business of the bankrupt firm and to employ all the necessary labor until such time as the property is sold.

WILL HAVE NO MORE TO DO WITH PROJECT

Announcement was made Wednesday by F. L. Barthold, founder and head promoter of the St. Joe lake and dam project, that he has severed his connection with the St. Joe River Improvement association. He declares that he will have no more to do with the project, but declines to set forth his reasons at this time.

Mr. Barthold says that he wishes to extend his hearty thanks to his friends and citizens throughout the city who have given him their hearty support and assisted him with the project.

THREE PRISONERS TO THE STATE FARM

Six Have Been Sent from Allen County This Month.

Three prisoners will be taken Thursday to the state penal farm at Greencastle, making a total of six that have been sentenced to that institution since the first of August. Ten prisoners were taken to the state farm in July.

Those who will be taken Thursday are: Howard Burkholder, sentenced for thirty days and fined $10 for petit larceny; Herman Eickmeyer, sentenced for thirty days and fined $55 for his third offense for public intoxication, and Walter Hersiberg, sentenced for thirty days and fined $32 for petit larceny.

There are thirty-seven prisoners in the county jail at the present time.

Decree Is Granted.

Judge Vaple, Wednesday morning in the superior court, granted a decree for divorce to Emma E. Flaig from Michael Flaig, whom she charged with abandonment. The plaintiff was given the custody of their minor child, Donald, 12 years old. Privilege was given the defendant, however, to visit the child at reasonable times. He also was ordered to pay $12 each month for his support until he has reached the age of seventeen.

Charges Abandonment.

Charging abandonment, Laura Alexander, through her attorneys, Leonard, Rose and Zollars, filed suit in the superior court, Wednesday, asking for a divorce from Charles Alexander. She alleges that her husband left her without cause on August 30, 1912, and as a result she has been compelled to earn her own living.

Two Men Appointed.

The county commissioners have granted scholarships to Purdue university to Herbert Koenig, 803 Madison street, and Chester Cutshall, 118 Lasselle street. Two students are sent from Allen county each year.

Notes of the Courts.

Walter C. Nuttle, through his attorney, Jesse Marbeth, has filed a claim in the circuit court against the estate of the late Tony A. Nuttle for $175 alleged to be due for rent and wages.

Charles W. Badine was appointed, Wednesday, administrator of the estate of the late Charles L. Badine. He gave bond in the sum of $1,000.

BRITISH LOAN IS OUT OF QUESTION

Not Believed Washington Government Would Let It Go Through.

New York, Aug. 18.—Reports that negotiations were under way for the floatation of a big foreign loan in New York imparted strength to the foreign exchange market today, notwithstanding the opinion in well informed circles that there were yet many obstacles to placing such a loan and that in reality a remedy for the situation was no nearer than several days ago when depreciation of foreign moneys gave rise to alarm.

Two questions loomfled largely in the discussion as to the practicability of American bankers attempting to underwrite a loan to Great Britain or her allies, or both, of from $300,000,000 to $500,000,000. These questions were: Would the Washington administration regard the underwriting of a mammot bloan of this sort as against the spirit of American neutrality?

Could a loan of these huge proportions be placed in this country, if underwritten on terms that Great Britain could afford to grant?

In financial circles it was considered a foregone conclusion that the Washington administration would not countenance a loan any part of which would find its way abroad to be utilized by the allies in their struggle against powers now at peace with the United States. There was genuine doubt, also, it was understood, whether a $500,000,000 loan could be absorbed in this country unless there were a demand for its absorption from interior banks. While the plans to relieve the situation seemed to mark time the markets, still depressed many points below normal, showed a tendency to strength and took on a quieter tone and appearance.

HORSE STOLEN AT DECATUR.

Sheriff A. C. Gladieux received a request from the sheriff of Adams county Wednesday to be on the lookout for a black horse that had been stolen from the court house square at Decatur some time Tuesday night. The horse was the property of Lewis Miller, a farmer, residing near Decatur.

THOUSANDS OF REFUGEES.

Houston, Tex., Aug. 18. Five thousand refugees from Galveston are in Houston coming over on special interurbans and trains during Monday afternoon after storm warnings had been issued. It is believed here that Galveston's sea wall and causeway acted as breakers and prevented wholesale destruction of human life. Nevertheless gravest apprehension is expressed here.

The storm here raged without intermission from 7:30 p. m. to 5 a. m. The wind blew from all directions, whipping from the south to north and from east to west.

Hon. Charles A. Bookwalter, of Indianapolis, was in the city Wednesday for a short time, en route from Lake Wawasee to his home. He took dinner with his brother, E. H. Bookwalter, of West Williams street, and soon after resumed his journey.

MARGARET ILLINGTON.

Chicago, Aug. 12.—The theatrical season opened here with Margaret Illington in Henry Arthur Jones' "The Lie."

Mr. Jones seems to think that lying is the unpardonable sin. Almost all the problems which he exploits in the theater are built around untruths.

In "The Lie" one sacrifices herself and the other unmindful of the sacrifice, selfishly puts her sin upon the head of the one who has given up so much for her.

She succeeds in making her sister's lover think that his sweetheart is the guilty one and the mother of an illegitimate child and finally persuades him to marry herself.

"The Lie" is probably in for a long run in Chicago, where Miss Illington is a great favorite. Her company is very good and stage setting adequate.

It almost seems that Margaret Illington cannot get away from the thought of socks. They still play an important part in her life, according to the publicity promoter of her fame and fortune. You remember that a few years ago when she decided to marry and leave the stage she insisted that all she wanted to do for the remainder of her life was to darn her husband's sorks.

Perhaps Mr. Bowles was easy on the silken covering he is supposed to wear on his feet, for very soon Illington, much to the delight of her friends, was apparently leaving the socks undarned, for she was back on the stage.

This season she has told the public at large (through her press agent) that she wears men's socks instead of women's stockings; first, because they are more comfortable, and secondly, because they cost just half as much.

Unfortunately the exigencies of "The Lie" do not allow the kind of dressing which might give an ocular demonstration of Margaret's new fad.

CHICAGO GRAIN AND PROVISIONS

Chicago, Aug. 18.—Wheat made fresh advances in price today as a result of continued rains that interfered with threshing and shipping. After opening unchanged to ⅞@1c higher, with September at $1.06⅝ to $1.06¾ and December at $1.06 to $1.05⅝, the market steadied at a moderate general advance above yesterday's close.

With September at $1.06 and December $1.05¾, the close was unsettled at ½c off to ⅛@¼c up, compared with last night.

Corn reflected the wheat strength. Opening prices, which ranged from ¼c to ⅜c higher, with September at 74¾c and December at 65⅞c to 63⅞@64c, were followed by slight additional gains.

The close was steady, ⅜@½c to ⅞c net higher, with September 75¼c and December 64c.

Wet weather was said to be having even a more damaging effect on oats than on wheat.

Provisions held steady despite somewhat liberal receipts of hogs at western centers.

Range of Prices for the Day.
Chicago, Aug. 18, 1915.

	Open.	High.	Low.	Close.
Wheat—				
Sept	1.06⅝	1.06¾	1.05½	1.06

ASSESSMENT NOTICE.

DEPARTMENT OF PUBLIC PARKS.
OFFICE OF THE BOARD OF PARK COMMISSIONERS OF THE CITY OF FORT WAYNE, INDIANA.

Notice is hereby given by the Board of Park Commissioners of the city of Fort Wayne to the property owners who own real estate abutting on the East side of Anthony Boulevard from Lake Avenue to the South line of Lot Number Forty-Four (44) Anthony Boulevard Place.

That the Board of Park Commissioners pursuant to the adoption of Boulevard Improvement Resolution Number Eleven (11) and the contract and specifications therefor, which are on file and may be seen in the office of the Department of Public Parks of said city, made estimates therefor and approved the primary assessment roll for the aforesaid work, containing the names of the property holders and the description of the property assessed on the line of the aforesaid improvement.

Now, therefore, said property-holders are hereby notified that the Board of Park Commissioners have fixed Monday, the 30th day of August, 1915, as a date for the acceptance of the work as completed under the terms and conditions of the contract for said improvement, and for the confirmation of the final assessment roll therefor, and on said day at 4:00 o'clock P. M. said Board will meet at their office, third floor City Hall, in said city, to hear any of such property-holders interested therein or affected thereby, or who may feel themselves injured or aggrieved by the proposed acceptance of the aforesaid work, apportionments and estimates therefor.

Said assessment roll, showing the prima facie assessments of benefits is on file and may be seen at the office of the Board of Park Commissioners of said city.

DAVID N. FOSTER,
LOUIS DORN,
ABE ACKERMAN.
Board of Park Commissioners of the City of Fort Wayne, Indiana.

THE DAY ON WALL STREET.

New York, Aug. 18.—Speculation in the less prominent war shares and allied industrials was renewed in today's early trading, gains ranging from one to over four points. Conspicuous features included American Steel Foundries, Railway Steel Springs, the Rumley and Allis-Chalmers issues and Colorado Fuel. United States Steel was again in demand at a fraction over yesterday's high quotations. Railways were neglected, the only feature in that division being Rock Island, which rose over a point.

Trading in the first hour was even larger than yesterday's business period but the rise was checked when some of the better known specialties fell back. Bethlehem Steel lost over eleven points and the Motors two to almost five. New York Airbrake's decline of over two points followed the declaration of the regular dividend, whereas an increase had been expected. Reading was heaviest of the railways, losing over a point, with fractional recessions in the Pacifics, grangers and trunk lines. Meantime obscure specialties, like American Hide and Leather, American Linseed and Pittsburg Coal issues, gained from two to five points. There was further "future" selling of foreign owned bonds at small concessions.

The war shares became stronger in the final hour, Bethlehem Steel being the feature with a rally of almost 20 points. The closing was irregular.

THE MONEY MARKET.

New York, Aug. 18.—Mercantile paper, 3½@3¾ per cent.; sterling 60 day bills, 4.62; demand, 4.6650; cables, 4.67¼; francs demand, 5.98; cables, 5.97; marks demand, 81½; cables, 81¾; lires demand, 652; cables, 650; rubles demand, 36; cables, 36¼; bar silver, 46¾c; Mexican dollars, 36½c; government bonds, steady; railroad bonds easy; time loans steady; 60 days, 2¼@2½; 90 days, 2½@3; six months, 3@3¼; call money, steady; high, 2; low, 1¾; ruling rate, 1¾; last loan, 2; closing bid, 1¾; offered at 2.

P. M'DONOUGH,
Local Forecaster.

OFFICIAL FORECASTS.

Forecasts till 7:00 p. m. Thursday:

For Fort Wayne and vicinity: Partly cloudy tonight; Thursday rain.

For Indiana: Unsettled tonight and Thursday; probably rain.

For Ohio: Unsettled tonight and Thursday, in south portion probably rain, partly cloudy north portion.

For Lower Michigan: Fair tonight; Thursday partly cloudy and slightly warmer.

WEATHER CONDITIONS.

High pressure overlies the lake region and low pressure the extreme northeast and northern plateau region. The tropical storm has moved inland and is centered near San Antonio this morning. Precipitation has attended this distribution of pressure in the north Atlantic, south Atlantic and gulf states, lower Ohio, central Mississippi and lower Missouri valleys, and on the central eastern slope of the Rockies. The temperatures have not changed materially along the northern border and in the districts to the west of the Mississippi, but in the Atlantic coast states and central valleys the weather is somewhat cooler.

P. M'DONOUGH,
Local Forecaster.

Children's Short Sleeve Rompers, half price; 50c ones for 25 cents.

GUILTY OF KEEPING HOUSE OF ILL-FAME

Luella Howard is Fined $25 and Costs in the City Court.

Luella Howard was found guilty Wednesday morning in the city court of keeping a house of ill fame at Lewis and Calhoun streets, what is known as the Hotel De Lewis, and fined $25 and costs. The case will be appealed and the bond was fixed at $100. Because the defendant is the mother of three children and has shown signs of reformation is the reason given by Judge Kerr for not adding the usual sentence of thirty days in the county jail.

The raid was made early Saturday morning, Aug. 14, by Sergeant Blum and Officers Hall, Cavanaugh and Hill, who found a couple who gave their names as Maud Allen and Howard Berry, in a bed on the third floor. Ten policemen testified in the court that the reputation of the defendant in the community in regard to her chastity, virtue and morals was bad. Her rooming house was raided several times before but insufficient evidence could be found to make an arrest.

The cases of Maud Allen for prostitution and Howard Berry for association were continued until Aug. 24, the bond remaining the same.

Allen Jones, John Murphy and Joe Shield, a trio of bums, got drunk Tuesday afternoon and were bothering the residents on Taylor street by begging. They were arrested and were fined $5 and costs each in the city court Wednesday morning.

The cases of Frank Tobias and James Hoover on charges of public intoxication were continued until Aug. 21 and their bond placed at $25. Tobias alleges that Hoover took his pocketbook while he was asleep in a saloon on the south side. They both hail from Warsaw.

Out of jail last Friday and back in police court Wednesday morning, charged with drunkenness, was the case of Edward Thomas. A fine of $5 and costs was assessed. William May, Mike Koehler, John Lenox and Andy Modridge, who said he could speak nothing but Slavish, were allowed to go.

WILL CHANGE NAME DRIVING PARK CARS

May Hereafter Be Known as State Street Cars—Traction News.

Officials of the Fort Wayne and Northern Indiana Traction company have under consideration the changing of the name of the Driving park cars to State street cars. The change will probably be effective as soon as the paving of State street has been completed.

Until work on that street has been finished only one car will be operated on that street from the bridge to the end of the line, which necessitates passengers transferring at the State street bridge. Otherwise Driving park cars would be unable to maintain their regular schedule, as travel over State street is very slow and somewhat uncertain.

Safety First Meeting.

The next regular meeting of the Central Safety First committee of the Fort Wayne and Northern Indiana Traction company will be held in the office of the general manager on August 21 at 1:30 o'clock.

Special Meeting.

For the purpose of taking up organizing work in a general way, particularly with reference to the street car men, a special meeting of the Fort Wayne Federation of Labor has been called for Thursday evening. Those in charge of the organizing movement allege that the traction company has been discharging trainmen without just cause.

Trolley Party.

The annual trolley party of the Associated Christian Workers will be given Wednesday evening. Members of the Associated Christian Workers are requested to meet at the interurban station at 7:45 o'clock. A trip will be made to Robison park and after returning a visit will be made to one of the public parks. Eight cars have been chartered.

O'Brien Speaks.

Harry O'Brien, superintendent of overhead wires of the Fort Wayne and Northern Indiana Traction company, was the principal speaker Monday evening at a safety first meeting at Huntington. Fred Fahlsing, the company's claim agent, presided.

Traction Notes.

The tracks and crossings at Main and Clinton streets are being repaired.

A special car was run Tuesday evening from Indianapolis by the Fort Wayne and Northern Indiana Traction company for the accommodation of sisters from St. Catherine's academy, who were en route home from St. Mary's-of-the-Woods.

N. K. Smith, trainmaster of the Fort Wayne and Northern Indiana Traction company, will spend Thursday at Crooked Lake fishing.

Harry F. Coleman is acting as dispatcher for the Fort Wayne and Northern Indiana Traction company during the absence of Charles E. Lenz, who is taking his vacation.

J. Allan Greenland, general passenger and freight agent, was a visitor in Logansport and Lafayette Wednesday.

All broken lines of summer underwear half price.

DAMAGE TO TEXAS COTTON MILLIONS

Austin, Tex., Aug. 18.—Damage which will run into millions of dollars has been done to the cotton crop in Texas by the storms of Monday and Tuesday. Reports from towns in central Texas say that cotton open in the bolls has blown out of the bolls and beaten into the ground by the heavy rains which accompanied it. It is estimated that 56 per cent of all the cotton in this section was open and that from one-fourth to one-half of the open cotton was lost. On this calculation, the damage will be from 15 to 25 per cent of the entire cotton crop of central Texas.

Woman's Day Congress of Old Ladies and hard times parade, Robison Park, tomorrow if the sun shines. Early morning showers, however, will not prevent the celebration.
